*The Future Is History* Dec 25 2020 WINNER OF THE 2017 NATIONAL BOOK AWARD IN NONFICTION FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARDS WINNER OF THE NEW YORK PUBLIC LIBRARY'S HELEN BERNSTEIN BOOK AWARD NAMED A BEST BOOK OF 2017 BY THE NEW YORK TIMES BOOK REVIEW, LOS ANGELES TIMES, WASHINGTON POST, BOSTON GLOBE, SEATTLE TIMES, CHRISTIAN SCIENCE MONITOR, NEWSWEEK, PASTE, and POP SUGAR The essential journalist and bestselling biographer of Vladimir Putin reveals how, in the space of a generation, Russia surrendered to a more virulent and invincible new strain of autocracy. Award-winning journalist Masha Gessen's understanding of the events and forces that have wracked Russia in recent times is unparalleled. In *The Future Is History*, Gessen follows the lives of four people born at what promised to be the dawn of democracy. Each of them came of age with unprecedented expectations, some as the children and grandchildren of the very architects of the new Russia, each with newfound aspirations of their own--as entrepreneurs, activists, thinkers, and writers, sexual and social beings. Gessen charts their paths against the machinations of the regime that would crush them all, and against the war it waged on understanding itself, which ensured the unobstructed reemergence of the old Soviet order in the form of today's terrifying and seemingly unstoppable mafia state. Powerful and urgent, *The Future Is History* is a cautionary tale for our time and for all time.

**A Traveller's History of Russia and the USSR** May 30 2021 For those who need more historical background information on a country that what can be found in a simple travel guide, this comprehensive survey of Russia and the USSR provides a welcome insight into this enigmatic country, from its earliest days to the times of perestroika and glasnost. Historical maps. A-Z Gazetteer. Illustrations.

*History of Russia & the Soviet Union in Humorous Verse* Apr 28 2021 The dramatic history of Russia proves fertile ground for laughter in this volume of humorous verse by the author of *Pets of the*

Great Dictators. Sabrina P. Ramet is a serious academic with a seriously funny side. She has made major contributions to European history with her scholarly work on the former Yugoslavia. But her most unique contribution may be the well-informed and wackily executed poems in this volume. No Russian is safe from Sabrina's hammer-and-sickle wit. Even the most fearsome and formidable—Lenin, Stalin, Peter the Great, and many others—are shown to be buffoons in this collection of satirical poems as dry as a straight shot of vodka.

**A History of Russia: Russia at the dawn of the modern age, by George Vernadsky** Jul 20 2020

**A Brief History of Russia** Nov 23 2020 Provides an overview of Russia, from its early beginnings in the ninth century to the current presidency of Vladimir Putin, detailing the social, economic, and political changes and crises that the people of Russia have had to endure.

**A History of the Peoples of Siberia** Feb 07 2022 This is the first ethnohistory of Siberia to appear in English, tracing the history of the native peoples from the Russian conquest onwards. James Forsyth compares the Siberian experience with that of the Indians and Eskimos in North America and the book as a whole will provide readers with a vast corpus of ethnographic information previously inaccessible to Western scholars.

**Russia Speaks** Dec 13 2019 The lives of ordinary Russians are illuminated in this oral history collection in which they speak of their experiences during events from the Revolution through to the present day

The History of Russia, Ivan the Terrible: from First Stage, the Russian Revolution and Cambridge Five May 18 2020 The first modern state in Russia was founded in 862 by King Rurik of the Rus, who was made the ruler of Novgorod. Some years later, the Rus conquered the city of Kyiv and started the kingdom of the Kievan Rus. ... Under the rule of Tsar Peter the Great (1689-1725), the Russian Empire continued to expand... That kind of information can be searched in this book. This new captivating history book serves as an overview of Russian history over the span of more than a millennium, from the foundation of the Russian state by the Viking prince Rurik in 862 AD until the collapse of the Soviet Union at the end of 1991. Some of the topics covered in part 1 of this book include: The Foundation of Rus The Christianization of Rus The Fragmentation and Subjugation of Rus The Rise of Muscovy Overthrowing the Tatar yoke Gathering the Russian Lands The Birth of a Dynasty The Road to Reform Imperial Majesty Enlightened Despotism Reform and Reaction War and Revolution Terror and Upheaval The Great Patriotic War Cold War Reform and Collapse And much, much more! Buy this book to know more about history.

**Modern Russian History, Being an Authoritative and Detailed History of Russia From the Age of Catherine the Great to the Present** Jan 06 2022 Excerpt from Modern Russian History, Being an Authoritative and Detailed History of Russia From the Age of Catherine the Great to the Present, Vol. 1 This "History of Russia in the Nineteenth Century" is based upon a course of lectures which I have been delivering since 1909 before the senior students of the Politechnicum of Peter the Great in Petrograd. It appears now in three parts, of which the first, beside two introductory chapters that contain a rapid sketch of the developmental process of the Russian state and people before the nineteenth century, presents the general evolutionary course of national and political life in Russia in the first quarter of the nineteenth century, up to the accession of Nicolas I. The second part contains a general survey of the internal life in Russia during the reign of Nicolas I and during the first, reformatory, period of the reign of Alexander II (to the year 1866). The third part deals with the history of Russia in the last thirty-five years. I consider it my duty to mention with the deepest gratitude the late Professor V. O. Kluhevsky, in whose works I have found enormous aid for the formation of my own views on the course of Russian history in modern times. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. **A History of Russia Volume 1** Sep 02 2021 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US, Canada and around the world. Moss's accessible history includes full treatment of everyday life, the role of women, rural life, law, religion, literature and art. In addition, it provides many other features that have proven successful, including: a well-organized and clearly written text, references to varying historical perspectives, numerous illustrations and maps, fully updated bibliographies accompanying each chapter as well as a general bibliography, a glossary, and chronological and genealogical lists.

**The History of Russia** Mar 28 2021

*Young Folks' History of Russia (Classic Reprint)* Aug 01 2021 Excerpt from Young Folks' History of Russia In a book for young people a long list of authorities may be spared; it is sufficient to state that the facts have been drawn from the best sources, - Russian, German, French, and English. In the first part Russian names have been done away with English equivalents take their places. A table follows for convenience. In all cases difficult words are avoided so far as possible, and it is hoped that this Young Folks' History of Russia is at least readable. Historical Dictionary of the Russian Federation Nov 11 2019 Historical Dictionary of the Russian Federation provides insight into this rapidly developing country. The volume includes coverage of pivotal movements, events, and persons in the late Soviet Union (1985-1991) and contemporary Russia (1991-present), as well as detailed entries covering the country's expansive geography, unique culture, diverse ethnic groups, and complex political and social environment. This is done through a chronology, an introductory essay, maps, a bibliography, and over 600 cross-referenced dictionary entries on significant persons, events, places, and organizations.

**A History of Russia and Its Empire** Nov 04 2021 This concise text provides an introduction to Russian and Soviet history from the crowning of Mikhail Romanov in 1613 through Putin's current term. Through a clear chronological narrative, Boterbloem traces the political, military, economic, social, religious, and cultural developments that led Russia from an exotic backwater to superpower stature.

**A History of Russia, Central Asia and Mongolia, Volume II** Jun 11 2022 Provides an all-encompassing look at the history of Russia, Central Asia, and Mongolia Beginning with the breakup of the Mongol Empire in the mid-thirteenth century, Volume II of this comprehensive work covers the remarkable history of "Inner Eurasia," from 1260 up to modern times, completing the story begun in Volume I. Volume II describes how agriculture spread through Inner Eurasia, providing the foundations for new agricultural states, including the Russian Empire. It focuses on the idea of "mobilization"—the distinctive ways in which elite groups mobilized resources from their populations, and how those methods were shaped by the region's distinctive ecology, which differed greatly from that of "Outer Eurasia," the southern half of Eurasia and the part of Eurasia most studied by historians. This work also examines how fossil fuels created a bonanza of energy that helped shape the history of the Communist world during much of the twentieth century. Filled with figures, maps, and tables to help give readers a fuller understanding of what has transpired over 750 years in this distinctive world region, *A History of Russia, Central Asia and Mongolia: Volume II: Inner Eurasia from the Mongol Empire to Today, 1260-2000* is a magisterial but accessible account of this area's past, that will offer readers new insights into the history of an often misunderstood

part of the world. Situates the histories of Russia, Central Asia, and Mongolia within the larger narrative of world history Concentrates on the idea of Inner Eurasia as a coherent ecological and geographical zone Focuses on the powerful ways in which the region's geography shaped its history Places great emphasis on how "mobilization" played a major part in the development of the regions Offers a distinctive interpretation of modernity that highlights the importance of fossil fuels Offers new ways of understanding the Soviet era A History of Russia, Central Asia and Mongolia: Volume II is an ideal book for general audiences and for use in undergraduate and graduate courses in world history. The Blackwell History of the World Series The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past, for every curious person in every part of the world. It will comprise some two dozen volumes, of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time. The volumes are narrative in form, giving balanced attention to social and cultural history (in the broadest sense) as well as to institutional development and political change. Each provides a systematic account of a very large subject, but they are also both imaginative and interpretative. The Series is intended to be accessible to the widest possible readership, and the accessibility of its volumes is matched by the style of presentation and production.

A Concise History of the Russian Revolution Sep 21 2020 An authoritative history of the Russian Revolution and the "violent and disruptive acts" that created the first modern totalitarian regime, portraying the crisis at the heart of the tsarist empire "A deep and eloquent condemnation of the revolution and its aftermath." —The New York Times Drawing on archival materials released in Russia, Richard Pipes chronicles the upheaval that began as a conservative revolt but was soon captured by messianic intellectuals intent not merely on reforming Russia but on remaking the world. He provides fresh accounts of the revolution's personalities and policies, crises, and cruelties, from the murder of the royal family through civil war, famine, and state terror. Brilliantly and persuasively, Pipes shows us why the resulting system owes less to the theories of Marx than it did to the character of Lenin and Russia's long authoritarian tradition. What ensues is a path-clearing work that is indispensable to any understanding of the events of the century.

*History of Russia* Aug 21 2020 The History of Russia begins with that of the Eastern Slavs and the Finno-Ugric peoples. The traditional beginning of Russian history is 862 A.D. Kievan Rus', the first united East Slavic state, was founded in 882. The state adopted Christianity from the Byzantine Empire in 988, beginning with the synthesis of Byzantine and Slavic cultures that defined Russian culture for the next millennium. Kievan Rus' ultimately disintegrated as a state because of the Mongol invasion of Rus' in 1237-1240 and the death of about half the population of Rus'. After the 13th century, Moscow became a cultural center. By the 18th century, the Tsardom of Russia had become the huge Russian Empire, stretching from the Polish border eastward to the Pacific Ocean. Expansion in the western direction sharpened Russia's awareness of its separation from much of the rest of Europe and shattered the isolation in which the initial stages of expansion had occurred. Successive regimes of the 19th century responded to such pressures with a combination of halfhearted reform and repression. Peasant revolts were common, and all were fiercely suppressed. Russian serfdom was abolished in 1861, but the peasant fared poorly and often turned to revolutionary pressures. In following decades reforms efforts such as the Stolypin reforms, the constitution of 1906, and State Duma attempted to open and liberalize the economy and political system, but the tsars refused to relinquish autocratic rule or share their power. The Russian Revolution in 1917 was triggered by a combination of economic breakdown, war-weariness, and discontent with the autocratic system of government, and it first brought a coalition of liberals and moderate socialists to power, but their failed policies led to seizure of power by the Communist Bolsheviks on 25 October. Between 1922 and 1991, the history of Russia is essentially the history of the Soviet Union, effectively an ideologically based state which was roughly coterminous with the Russian Empire before the Treaty of Brest-Litovsk. The approach to the building of socialism, however, varied over different periods in Soviet history, from the mixed economy and diverse society and culture of the 1920s to the command economy and repressions of the Joseph Stalin era to the

"era of stagnation" in the 1980s. From its first years, government in the Soviet Union was based on the one-party rule of the Communists, as the Bolsheviks called themselves, beginning in March 1918. By the mid-1980s, with the weaknesses of its economic and political structures becoming acute, Mikhail Gorbachev embarked on major reforms, which led to the overthrow of the Communist party and the breakup of the USSR, leaving Russia again on its own and marking the start of the History of post-Soviet Russia. The Russian Federation began in January 1992 as the legal successor to the USSR. Russia retained its nuclear arsenal but lost its superpower status. Scrapping the socialist central planning and state ownership of property of the socialist era, new leaders, led by President Vladimir Putin, took political and economic power after 2000 and engaged in an energetic foreign policy. Russia's treatment of Ukraine led to severe economic sanctions imposed by the United States and the European Union.

[A Short History of Russia](#) Mar 08 2022 Excerpt from A Short History of Russia If this book seems to have departed from the proper ideal of historic narrative - if it is the history of a Power, and not of a People - it is because the Russian people have had no history yet. There has been no evolution of a Russian nation, but only of a vast governing system; and the words "Russian Empire" stand for a majestic world-power in which the mass of its people have no part. A splendidly embroidered robe of Europeanism is worn over a chaotic, undeveloped mass of semi-barbarism. The reasons for this incongruity - the natural obstacles with which Russia has had to contend; the strange ethnic problems with which it has had to deal; its triumphant entry into the family of great nations in which it stands second to none - such is the history this book has tried to tell. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. *Russia and the Russians* Jan 18 2023 Chronicles the history of the Russian Empire from the Mongol Invasion, through the Bolshevik Revolution, to the aftereffects of the Cold War.

*A Short History of Russia* Aug 13 2022 Occasionally there arises a man in history who, without distinction of birth or other advantages, is strong enough by sheer ability to grasp the opportunity, vault into power, and then stem the tide of events. Such a man... was Boris Godunof, a boyar, who had so faithfully served the terrible Ivan that he leaned upon him and at last confided to him the supervision of his feeble son Feodor, when he should succeed him. The plans of this ambitious usurper were probably laid from the time of tragic death of Ivan's son, the Tsarevitch. He brought about the marriage of his beautiful sister Irene with Feodor, and from the hour of Ivan's death was virtual ruler. -from "Chapter XII: Serfdom Created-The First Romanoff" With a verve and liveliness worthy of a novelist, American writer MARY PLATT PARMELE (1843-1911) put her unique stamp on

world history with her series of clever, concise histories, condensed tales of the world's great nations that encompassed the essential facts necessary for appreciating the state of the world as she saw it. With this book, first published in 1899 and updated in 1904, she introduces us to the dramatic story of the Russian Empire. From the extraordinarily rugged geography that has shaped the sturdy character of its inhabitants since the remotest depths of time to the intrigues of Kublai-Khan and Ivan the Terrible to pre-World War I clashes with Japan over Manchuria, this is the passionate tale of a proud people. OF INTEREST TO: readers of European and classical history Parmele's books available from Cosimo Classics: \* The Evolution of an Empire: A Brief Historical Sketch of France \* The Evolution of an Empire: A Brief Historical Sketch of the United States \* A Short History of France \* A Short History of Germany \* A Short History of Spain \* A Short History of Rome and Italy \* A Short History of England, Ireland and Scotland

**A History of Russia** Dec 17 2022 Bernard Pares, in his classic, *A History of Russia*, takes the reader a long way towards a knowledge and understanding that few single volume histories have been able to give. From the Russia of pre-history down through the Tsars (the famous and infamous), through two World Wars, Stalin and finally the dawn of modern times, Pares takes us on a voyage of discovery.

**A History of Russia** May 10 2022

*A Concise History of Russia* Feb 19 2023 Accessible to students, tourists and general readers alike, this book provides a broad overview of Russian history since the ninth century. Paul Bushkovitch emphasizes the enormous changes in the understanding of Russian history resulting from the end of the Soviet Union in 1991. Since then, new material has come to light on the history of the Soviet era, providing new conceptions of Russia's pre-revolutionary past. The book traces not only the political history of Russia, but also developments in its literature, art and science. Bushkovitch describes well-known cultural figures, such as Chekhov, Tolstoy and Mendeleev, in their institutional and historical contexts. Though the 1917 revolution, the resulting Soviet system and the Cold War were a crucial part of Russian and world history, Bushkovitch presents earlier developments as more than just a prelude to Bolshevik power.

**The Cambridge History of Russia: Volume 1, From Early Rus' to 1689** Oct 15 2022 An authoritative history of Russia from early Rus' to the reign of Peter the Great.

**A History of Russia** Apr 16 2020

*A History of Russia Since 1855 - Volume 2* Oct 11 2019 Now completely revised in this eighth edition, *A History of Russia* covers the entire span of the country's history, from ancient times to the post-communist present. Keeping with the hallmark of the text, Riasanovsky and Steinberg examine all aspects of Russia's history--political, international, military, economic, social, and cultural--with a commitment to objectivity, fairness, and balance, and to reflecting recent research and new trends in scholarly interpretation. New chapters on politics, society, and culture since 1991 explore Russia's complex experience after communism and discuss its chances of becoming a more stable and prosperous country in the future. Widely acclaimed as the best one-volume history available, *A History of Russia* is also available in two split volumes--the first covers early Russia through the nineteenth century and the second ranges from 1855 to the present. Volume II features an additional introductory chapter that links Russia's modern history to the events that preceded it.

*Russia, the Soviet Union, and the United States* Feb 24 2021 From the capricious reign of Catherine the Great and Alexander I to the provocative leadership of Mikhail Gorbachev, the author concentrates on the interplay between interests and ideologies in the relationship between the United States and the Soviet Union, in an even-handed, non-ideological narrative.
