SUBJECT: Jumpmaster Course Student Conduct, Graduation Requirements and Grading Criteria The purpose of this memorandum is to outline the requirements for a student to successfully complete the United States Army Jumpmaster course within the administrative point system and all graded exams. 1. Students attending the Jumpmaster Course must conduct themselves in an appropriate and disciplined manner, on-duty and off-duty. Students who violate provisions of the Uniform Code of Military Justice (UCMJ) will be quickly disciplined, and may be permanently dropped from training with subsequent assignment as a non-graduate. You will receive a briefing from your NCOIC on your conduct while assigned to the Jumpmaster

Course. Any violation of the items in the briefing may result in being dropped from the course. 2. Students must meet the following requirements on all exams in order to graduate from the US Army Jumpmaster Course: a. Nomenclature Exam. Student will be presented with 25 items of equipment chosen on a random basis. Student must score a minimum of 70% to receive a “GO”. b. Actions During Decent Exam (pre-jump). Student will be given 30 minutes in which to recite Actions During Decent in its entirety. Student must score a minimum of 70% to receive a “GO”. c. Written Exam. Student will be given one hour to answer 100 questions, to include True/False, Multiple Choice, and Fill-in the Blank. Student must score a minimum of 70% to receive a “GO”. In addition to the tested material, students may lose 16 points on the exam for not following the instructions given during the test brief. d. JMPI Exam. Student will have five minutes in which to JMPI three jumpers, one wearing combat equipment, two hollywood jumpers. Using proper sequence, and proper nomenclature while identifying all deficiencies. Student must score a minimum of 70% to receive a “GO”. e. Practical Work inside the Aircraft (PWAC) Exam. Students will be graded on hand and arm signals, and door check procedures, in an Air Force fixed wing aircraft while in flight. Student must score a minimum of 70% to receive a “GO”. In addition to the tested material, students may lose points on the exam for improper rigging of equipment, or failure to follow instructions. 3. Students will be given one retest for each exam (Nomenclature, Actions During Decent, Written, or PWAC) where they fail to meet the 70% standard. Students must score a minimum of 70% on any retest in order to receive a “GO.” Passing scores on a retest will count towards the student’s grade point average as 70%, regardless of the number of correct or incorrect answers on the exam. Students that fail to achieve the 70% standard on a retest will be dropped from the course. 4. Students who maintain an 80% or higher grade on the Nomenclature, Actions During Decent, PWAC and Written exams will be considered “Re-Entry Qualified.” Re-Entry Qualified students will receive two additional attempts to pass the JMPI test. Students that fail to maintain re-entry status will still receive three attempts on the JMPI test. 5. The use of administrative points will assist the cadre in enforcing standards throughout the course. Students will

begin the course with 100 administrative points and my loose re-entry status if accrued administrative points drop below 80%.

The Handbook of Work Analysis Mar 18 2020 This new handbook, with contributions from experts around the world, is the most comprehensive treatise on work design and job analysis practice and research in over 20 years. The handbook, dedicated to Sidney Gael, is the next generation of Gael's successful Job Analysis Handbook for Business, Industry and Government, published by Wiley in 1988. It consists of four parts: Methods, Systems, Applications and Research/Innovations. Finally, a tightly integrated, user-friendly handbook, of interest to students, practitioners and researchers in the field of Industrial Organizational Psychology and Human Resource Management. Air Force Handbook 1 Jun 20 2020 This handbook implements AFPD 36-22, Air Force Military Training. Information in this handbook is primarily from Air Force publications and contains a compilation of policies, procedures, and standards that guide Airmen's actions within the Profession of Arms. This handbook applies to the Regular Air Force, Air Force Reserve and Air National Guard. This handbook contains the basic information Airmen need to understand the professionalism required within the Profession of Arms. Attachment 1 contains references and supporting information used in this publication. This handbook is the sole source reference for the development of study guides to support the enlisted promotion system. Enlisted Airmen will use these study guide to prepare for their Promotion Fitness Examination (PFE) or United States Air Force Supervisory Examination (USAFSE).

Over the Hump Dec 15 2019 The memoirs of Lieutenant General William H. Tunner, a key leader in the development of military airlift from World War II through 1960. He recounts major challenges of his career: organizing the aircraft ferrying effort of World War II, flying the "Hump" route of supply from India to China, managing the Berlin Airlift in 1948 and 1949, and commanding the Combat Cargo Command of Far East Air Forces in the crucial early months of the Korean War.
