Ancient Asian History Oct 05 2021 If you want to discover the captivating history of ancient Asia, then keep reading... Two captivating manuscripts in one book: Ancient China: A Captivating Guide to the Ancient History of China and the Chinese Civilization Starting from the Shang Dynasty to the Fall of the Han Dynasty Ancient Japan: A Captivating Guide to the Ancient History of Japan, Their Ancient Civilization, and Japanese Culture, Including Stories of the Samurai, Shoguns, and Zen Masters To understand present-day China, its politics, society, and culture in general, we have to go back to the beginnings of the Chinese civilization. In the first part of this book, you will be led on a journey through almost 2,000 years of Chinese history, showing you all the ups and downs of those ancient times, the sufferings and joys of the Chinese people, along with their greatest achievements and failures. Dynasties will change, people will be killed and born, art made and destroyed, but the Chinese civilization will prevail, rising from humble beginnings to an empire that at some points outshined any other in the world at that time. And yet it won't be only a tale of kings and queens, emperors and rulers. Of palaces and forts, of swords and shields. It will also tell a story of farmers and merchants, artisans and artists, philosophers and scientists. And hopefully by the end of this introductory guide, you will gain a sense of what, who, and how the Chinese civilization was made as great as it was and still is. From that, a better understanding of this amazing Far Eastern culture and its history should arise as well as a greater appreciation of its achievements and contributions to the world. And with a better knowledge of history, a clearer understanding of the world will come as well. In part 2 of this book, you'll learn all about ancient Japan. The Japanese progressed throughout the eras because of the emperor, but they also progressed despite him. These are people who never let go of their sacred history, and their story is told and retold in art, film, literature, and even graphic novels across the entire world. Terms such as shoguns, samurai, haiku, anime, and

manga are familiar to many in the Western world today. Westerners also learn flower arranging, martial arts, meditation, and enjoy a variety of visual and digital art forms because of the unique culture of Japan. Here are just some of the topics covered in part 1 of this book: Chinese Lands and Birth of China Shang and Zhou Dynasties and the Rise of Royal Power Disintegration of Royal Power Birth of Imperial China Rise and Fall of the Han Dynasty Society of Ancient China The Ancient Chinese Culture Inventions and Innovations of the Ancient Chinese And much, much more! Here are just some of the topics covered in part 2 of this book: Origins of Imperial Japan and Its People Birth of Imperial Japan and Its Culture History of Classical Japan Early Medieval Japan Late Medieval Japan Japanese Society Warriors of Ancient Japan Religious Life in Japan Japanese Culture And much, much more! Evidence of Lost Ancient Civilizations May 12 2022 Introducing the book that governments and mainstream academia donat want you to

see. Evidence of Lost Ancient Civilizations: Case Closed is the ultimate reference guide for anyone interested in learning the true, unfiltered history of ancient civilization and of mankind's earliest origins. This definitive resource guide uniquely presents and explores evidence not included in conventional history or science textbooks. Revealing evidence consisting of compelling eyewitness accounts, media reports, scientific journal articles, as well as indisputable physical evidence, has never been made available to the general public. You will see by the overwhelming shocking evidence and data presented throughout this book it is apparent that modern science and history have been offering a less-than-accurate account of evolution and the origins of mankind on Earth. The basic questions this book attempts to answer are: Where did we come from? What is the true history of mankind? Where will the truth lead us? What humanity may first discover from this explosive ancient evidence may shake the foundations of established world order and religion, and will certainly be difficult to comprehend or rationalize. However, what we may learn from our forgotten past could guide us in determining the direction of our future.

Ancient Israelites and Their Neighbors Dec 07 2021 Children can try
their hand at re-creating ancient Israelite culture—along with the
cultures of their neighbors, the Philistines and Phoenicians—in a way
that will provide perspective on current events. The book covers a key
period from the Israelites' settlement in Canaan in 1200 B.C.E. to their
return from exile in Babylonia in 538 B.C.E. This part of the Middle
East—no larger than modern-day Michigan—was the birthplace of
Judaism, Christianity, and Islam. More than 35 projects include
stomping grapes into juice, building a model Phoenician trading ship,
making a Philistine headdress, and writing on a broken clay pot.
Israelites', Phoenicians', and Philistines' writing and languages, the
way they built their homes, the food they ate, the clothes they wore,
and the work they did, and of course, their many interesting stories,
are all explored.
