"This is a comprehensive guide to support competency and skill development for perianesthesia nurses. Written by perianesthesia experts, the manual can be used to orient the new perianesthesia nurse, provide best practice updates for the veteran nurse, or be selectively utilized to guide annual clinical updates for the entire perianesthesia nursing staff. The goal is to provide the perianesthesia nurse with a framework of essential performance criteria."--Provided by publisher Publisher Description The National Association for Sport and Physical Education (NASPE) believes that prior to the start of each season, all high school head coaches, assistant coaches, and volunteer coaches should be required to participate in a comprehensive orientation to the sport program. This orientation should be planned and conducted by the athletic director or individual who has administrative responsibility for the overall sport program and monitors coaches' compliance with all school, program, and state association policies. This orientation is not a replacement for the need for coaching education, certification, and ongoing professional development. The orientation guidelines provided in this paper assume that all coaches hired by the school have appropriate background, preparation, and credentials to coach in their specified sport(s), as defined by the "National Standards for Sport Coaches" (NASPE, In Press), and that there are regular meetings between the athletic director and coaches. (Contains 12 resources.). "The credentialing orientation kit enables you to 'publish' a brief, customized handbook describing your organization's credentialing process ..."--Page 3.
