An exploration of a hugely popular subject by the author of the best-selling 'Horrible Geography series. What Is PropertyAgentSecrets? PropertyAgentSecrets is NOT just another "how to" book on property marketing or motivation. It is NOT about getting more inquiries on your property listings - yet these secrets will help you get exponentially MORE inquiries than you've ever experienced before. It is NOT about increasing your appointments or closings - yet these secrets will increase your appointments and closings exponentially MORE than reposting credits daily on PropertyGuru or online portals ever could. PropertyAgentSecrets is A SHORTCUT. Low inquiries and closings are symptoms of a much greater problem that's a little harder to see (that's the bad news, but a lot easier to fix (that's the good news). Inside you will find the actual playbook we created after running thousands of tests and taking 10 years to perfect what works for real estate agents anywhere. You now have access to all of the Processes, Secrets and Scripts that we

used to transform hundreds of property agents' careers and helped free up their time for family, weekends and vacations. "I first approached Yasser in 2017 as I hated Technology & I'm not IT savvy. I found him to be a genuine, caring person who gets real results for his agents. I've been using his system for about a year, and impressively, I have managed to change the way I do business without using any of the old school methods. This is why I NEVER had to chase a single prospect since getting his system, because they came to ME fast and furious. And because of Yasser's highly effective techniques, I managed to SELL 2 landed homes in under 30 DAYS each! I'm very happy. My only regret was that I did not have enough time and manpower to follow up, as I'm very sure I could have sold even MORE homes. This is the only TOTAL system for all property agents in Singapore that I know of. I highly recommend Yasser's system if you hate technology or have no time for Marketing." - FRED TEO, KFPN

There is something for EVERYONE: You're thinking of JOINING Real Estate; Once you get your license, this will be the PLAYBOOK and mentoring you need to build and grow your new career the right way by copying the success of those who succeeded before you and avoid the tears, blood and sweat of all those who failed! With all the new trends, services, and concepts, it seems to be staying that way for a while. Every social network is rolling out ad networks and introducing new features, retargeting is growing in popularity, and experts continue to pop up and endorse various tactics. Next year, or heck, next month, a slew of new experts, tactics, and networks will rise. So where does that leave us? Well, with a huge burden. Ever really try to keep up with digital marketing? It's nearly impossible. If your job is to know the ins-and-outs of digital marketing and you love doing so, then you might be okay. But for everyone else out there, particularly the business owners with enough going on between work and personal life, there's no chance. There's just too much clutter to always know what's valuable or a fad. Don't get me wrong – us digital marketers have it tough also. We might live in this world, but that means it's our job to make sense of it all. And if you don't have a system to link all the tactics into, it becomes a huge headache. That's why I tested out different concepts and mindsets when I approached digital marketing, leaving me with one central theory. We only need two things: a digital sales funnel and a strategy. We still need to invest endless hours discovering and testing the latest tools and tactics. But when we know that the tools and tactics have to fit into a funnel and strategy, we begin to understand how the whole machine works. It's how digital marketing changes from being a business expense into a business investment. When I discovered that I just need to focus on the funnel and strategy, I didn't want to stop learning. Maybe in my position, I don't have a choice to stop learning each day, assuming I want to stay as an expert. But the fact that it didn't bother me anymore was a huge advantage. Sounds simple, doesn't it? Just two things. And you already know what a sales funnel and strategy is, right? But don't worry; we're going to get much more in-depth than that as we go through this book. As you'll see, this book isn't about digital marketing tools and tactics. I frankly couldn't care less whether you know how to code your own website, design beautiful graphics, or run detailed analytics. I just want you to know two things: digital sales funnels and strategy. When it comes time to get something technical done, you'll find that you can hire help to take care of those high skill, technical, and creative jobs. And if you're cash-strapped, don't worry either. I can't think of anything you'll ever need that hasn't been commoditized by the internet, making potentially extremely expensive initiatives affordable for the solopreneur. Here is a Preview of What You Will Get: ? A Full Book Summary ? An Analysis ? Fun quizzes ? Quiz Answers ? Etc. Get a copy of this summary and learn about the book. Master the evergreen traffic strategies to fill your website and funnels with your dream customers in this timeless book from the \$100M entrepreneur and co-founder of the software company ClickFunnels. The biggest problem that most entrepreneurs have isn't creating an amazing product or service; it's getting their future customers to discover that they even exist. Every year, tens of thousands of businesses start and fail because the entrepreneurs don't understand this one essential skill: the art and science of getting traffic (or people) to find you. And that is a tragedy. Traffic Secrets was written to help you get your message out to the world about your

products and services. I strongly believe that entrepreneurs are the only people on earth who can actually change the world. It won't happen in government, and I don't think it will happen in schools. It'll happen because of entrepreneurs like you, who are crazy enough to build products and services that will actually change the world. It'll happen because we are crazy enough to risk everything to try and make that dream become a reality. To all the entrepreneurs who fail in their first year of business, what a tragedy it is when the one thing they risked everything for never fully gets to see the light of day. Waiting for people to come to you is not a strategy. Understanding exactly WHO your dream customer is, discovering where they're congregating, and throwing out the hooks that will grab their attention to pull them into your funnels (where you can tell them a story and make them an offer) is the strategy. That's the big secret. Traffic is just people. This book will help you find YOUR people, so you can focus on changing their world with the products and services that you sell. An adaptation of the documentary film, Operation Toussaint reveals how an Ex-Special Agent and Operation Underground Railroad are saving children from sex trafficking around the world through Operation Toussaint, a covert mission to Haiti. Tim Ballard left his post as a special agent for the U.S. Department of Homeland Security to found Operation Underground Railroad (O.U.R.). Through this organization, Tim and his team plan undercover operations to rescue child sex trafficking victims around the world. To date, they have saved hundreds of children from horrific conditions, which Tim wasn't able to do when bound by government restrictions. Take an inside look at O.U.R., and their mission to end modern day slavery, as you join Tim and his Special Forces team on a covert mission to Haiti where they bring a ring of sex traffickers who bribed their way out of jail to justice in Operation Toussaint. Buydown Secrets is about the underutilized creative financing technique that can save home buyers thousands of dollars on interest rate expense while saving the home seller thousands of dollars and avoid unnecessary price reductions. Notes from Underground is a fictional collection of memoirs written by a civil servant living alone in St. Petersburg. The man is never named and is generally referred to as the Underground Man. The "underground" in the book refers to the narrator's isolation, which he described in chapter 11 as "listening through a crack under the floor." It is considered to be one of the first existentialist novels. With this book, Dostoevsky challenged the ideologies of his time, like nihilism and utopianism. The Underground Man shows how idealized rationality in utopias is inherently flawed, because it doesn't account for the irrational side of humanity. This novel has had a

big impact on many different works of literature and philosophy. It has influenced writers like Franz Kafka and Friedrich Nietzsche. A similar character is also found in Martin Scorsese's *Taxi Driver*. *Notes from Underground* was published in 1864 as the first four issues of *Epoch*, a Russian magazine by Fyodor and Mikhail Dostoevsky. Presented here is Constance Garnett's translation from 1918. This book is part of the Standard Ebooks project, which produces free public domain ebooks. Discover the secrets to drawing, painting and illustrating the curious world of science fiction in the Victorian Age. Master the science of funnel building to grow your company online with sales funnels in this updated edition from the \$100M entrepreneur and co-founder of the software company ClickFunnels. *DotCom Secrets* is not just another "how-to" book on internet marketing. This book is not about getting more traffic to your website--yet the secrets you'll learn will help you to get exponentially more traffic than ever before. This book is not about increasing your conversions--yet these secrets will increase your conversions more than any headline tweak or split test you could ever hope to make. Low traffic or low conversion rates are symptoms of a much greater problem that's a little harder to see (that's the bad news), but a lot easier to fix (that's the good news). What most businesses really have is a "funnel" problem. Your funnel is the online process that you take your potential customers through to turn them into actual customers. Everyone has a funnel (even if they don't realize it), and yours is either bringing more customers to you, or repelling them. In this updated edition, Russell Brunson, CEO and co-founder of the multimillion-dollar software company ClickFunnels, reveals his greatest secrets to generating leads and selling products and services after running tens of thousands of his own split tests. Stop repelling potential customers. Implement these processes, funnels, frameworks, and scripts now so you can fix your funnel, turn it into the most profitable member of your team, and grow your company online. Have you created a great website for your business, but it is not pulling in any customers? Creating a website is not easy, but even more challenging is driving traffic to a seemingly functional website. You may think you have designed the most aesthetically pleasing site, but risks are that someone among your competitors has created a layout inspired by the same colors and an appreciation for the same patterns. However, that does not mean you forgo the idea of an e-commerce venture and hope to drive sales at a time when competition is less brutal. Let's face it; there will never be such a time; instead, what that means is that if you have to drive traffic, now is the time to begin optimizing your website. The Author, Hunny George, is a professional in the fields of SEO and business writing and has thereby penned several notable books on the subjects. "Traffic Secrets" is a book designed to uncover the secrets underlying the world of e-commerce marketing. As a rule, in the world of e-commerce, the number of businesses having the same underlying idea for their website as you do not matter because, truth be told, there will be many. What matters is how you differentiate the optimization and content creation on your website to provide more value to the customer. Customers now control and direct a much larger proportion of your sales than ever before, and businesses now need to be much warier of their needs than they realize. How will your website draw in customers and convince them to stay? Start with allowing your customers to find you through optimizing your inbound marketing strategy, achieving a strategic edge over your competitors. You are well on the way to success if you can attract, engage, and delight your customers from the moment they land on your page to when they decide to exit it. In this book, the author has discussed a plethora of aspects that are otherwise considered insignificant in traffic driving and has proven with examples of how successful entrepreneurs worldwide are utilizing those elements in their websites. If you believe the world of e-commerce is your forte, if you want to start a business based on an idea that you think is truly great, but your fears of failure hold you back; we suggest that now is the time to read this book and draw

from it unending inspiration and motivation that will lead your business to its true potential. This Book is all about how you can use Facebook Secrets to generate more profit in 2020. It doesn't matter if you have any small business or large business. Facebook Secrets will teach you how you can make more money even if you don't have any business. if you are getting started this book on Facebook advertising will change your life. During the fourteen years Sydney Howard Gay edited the American Anti-Slavery Society's National Anti-Slavery Standard in New York City, he worked with some of the most important Underground agents in the eastern United States, including Thomas Garrett, William Still and James Miller McKim. Gay's closest associate was Louis Napoleon, a free black man who played a major role in the James Kirk and Lemmon cases. For more than two years, Gay kept a record of the fugitives he and Napoleon aided. These never before published records are annotated in this book. Revealing how Gay was drawn into the bitter division between Frederick Douglass and William Lloyd Garrison, the work exposes the private opinions that divided abolitionists. It describes the network of black and white men and women who were vital links in the extensive Underground Railroad, conclusively confirming a daily reality. Your message has the ability to change someone's life. The impact that the right message can have on someone at the right time in their life is immeasurable. It could help to save marriages, repair families, change someone's health, grow a company or more... But only if you know how to get it into the hands of the people whose lives you have been called to change. Expert Secrets will put your message into the hands of people who need it. Much has been written about the mysterious underground world that lies beneath the streets of London but few have ever had the opportunity to see so many aspects of it first-hand and make a detailed photographic record of all that they have seen. This is one of the two factors that make this book so different from all the others that have come before it. The second factor is the meticulous research that has gone into ensuring that the history and background narrative to each of the locations described and illustrated are both concise and accurate. Written for young adults, the Urban Underground series confronts issues that are of great importance to teens, such as friendship, loyalty, drugs, gangs, abuse, urban blight, bullies, and self-esteem to name a few. More than entertainment, these books can be a powerful learning and coping tool when a struggling reader connects with credible characters and a compelling storyline. The highly readable style and mature topics will appeal to young adult readers of both sexes and encourage them to finish each eBook. The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of THE SECRET. Are you smart enough? THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure

forum. I'm all alone . . . Please come find me! When Maddie opens her notebook in class, she sees these words scrawled in blood-red ink on every page. When the same words mysteriously appear on the classroom chalkboard, Maddie begins to realize that someone—or something—in her new school is trying to contact her. A timely and powerful time-slip story inspired by the author's family in Budapest during the Holocaust Louie lives with her brothers, Bert and Teddy, in a hotel run by their grandparents. It is one of Sydney's grand old buildings, rich in history ... and in secrets. When a rose-gold locket, once thought lost, is uncovered, it sends Louie and her brothers spinning back in time. Back to a world at war: Budapest in the winter of 1944, where their grandparents are hiding secrets of their own ... From bestselling author Susanne Gervay comes a heart-racing timeslip story inspired by her own family's escape from Budapest during the Holocaust. AWARDS Longlisted - ARA Historical Novel Prize 2021 (Children's and Young Adult Category) PRAISE 'Impossible to stop reading' -- Jackie French 'A story of light and love and exceptional courage' -- Ursula Dubosarsky 'Riveting, encouraging, and authentic, *Heroes of the Secret Underground* introduces the topic of World War II in a fresh and enlightening way. My heart was left racing after each page turn, and I'm sure you'll feel the same way too.' -- Better Reading If you are currently struggling with getting traffic to your website, or converting that traffic when it shows up, you may think you've got a traffic or conversion problem. In Russell Brunson's experience, after working with thousands of businesses, he has found that's rarely the case. Low traffic and weak conversion numbers are just symptoms of a much greater problem, a problem that's a little harder to see (that's the bad news), but a lot easier to fix (that's the good news). *DotComSecrets* will give you the marketing funnels and the sales scripts you need to be able to turn on a flood of new leads into your business. *DotCom Secrets* is not just another "how-to" book on internet marketing. This book is not

about getting more traffic to your website--yet the secrets you'll learn will help you to get exponentially more traffic than ever before. This book is not about increasing your conversions--yet these secrets will increase your conversions more than any headline tweak or split test you could ever hope to make. Low traffic or low conversion rates are symptoms of a much greater problem that's a little harder to see (that's the bad news), but a lot easier to fix (that's the good news). What most businesses really have is a "funnel" problem. Your funnel is the online process that you take your potential customers through to turn them into actual customers. Everyone has a funnel (even if they don't realize it), and yours is either bringing more customers to you, or repelling them. In this updated edition, Russell Brunson, CEO and co-founder of the multimillion-dollar software company ClickFunnels, reveals his greatest secrets to generating leads and selling products and services after running tens of thousands of his own split tests. Stop repelling potential customers. Implement these processes, funnels, frameworks, and scripts now so you can fix your funnel, turn it into the most profitable member of your team, and grow your company online. How would your life and business be different if you could multiply your sales and increase your prices in the next 30 days? Discover the secret branding experts don't want you to know. More than 4 years of research, 34 entrepreneurs interviewed, \$30,000 invested, hundreds of enemies made along the way, 1 attempted lynching, barred from the lucrative circle of 'experts'... All this just to be able to share the best kept secrets of the branding world with you, secrets that will enable you to build your brand for much less money than you think. **WARNING:** This is NOT a book about pretending to be Superman and learning to do it all by yourself. This book is for business owners and entrepreneurs who take their business very seriously...and their life with good humor. What will you learn then? In this book you'll learn to create the basic features of your brand, those that can skyrocket your sales and prices overnight, by outsourcing to the best professionals at low cost prices. Avoid the long years of hard work and impossible investments that other brands have required to create the security and trust needed to be able to sell without worrying about your price point. Forget about learning to do everything for yourself or settling for asking your cousin, friend, neighbor, etc. to do it for you... due to a lack of funds! Who is this book NOT for? Branding agencies: I'm going to reveal your secrets. **DO NOT** buy this book... it'll only make you mad! Branding gurus: I'll be demonstrating how to expose you. **DO NOT** buy this book... it'll only make you mad! Designers and developers: I'll be explaining where to find the best, and cheapest, professionals. **DO NOT** buy this book... it'll only make you mad! Audiovisual production companies: I will show your potential clients how to survive without your extortionately priced services. **DO NOT** buy this book... it'll only make you mad! Etc. So who IS the book for? Business owners: Whether you're a small businessperson taking your first steps in the industry or a big business with years of experience behind you, this book will help you to make the leap to the "next level". Entrepreneurs: Do you sometimes feel like you'd have to be Superman to juggle all the different aspects of your project? Do you keep signing up (and paying) for courses and training sessions to learn absolutely everything there is to know for yourself? Then you need to read this book **UR-GENT-LY!** If my book **DOES** deliver what it promised: In less than a month you'll be selling more. You'll be able to increase your prices without worrying about you rivals selling at a lower price point. Your customers will start treating you like the professional you are and will stop trying to haggle for better prices. You'll grow your returns on the investments made on present and future marketing campaigns. Etc. If my book **DOESN'T** deliver what it promised: You'll be a bit wiser and... I will refund 120% of your money! **120% Money Back Guarantee:** if after reading my book it doesn't live up to your expectations, send me an email and I will refund 120% of the amount paid. Summary of Dotcom Secrets When you create and manage your posts, ask yourself how you want other people to see you. But stay true to who you are. Find a balance between those two and create the best version of yourself, which will make other people in your industry curious as to who you are and how they can network with you. Keep all your social media profiles (as well as your website) consistent. If a user goes on your Facebook and sees you as one type of person, and then goes on your Twitter profile, and sees someone completely different, that will just lead to confusion. It is okay to adapt to the different platforms, as long as you don't lose the essence of who you are in the process. This consistency also applies to the visuals you use, which should have the same design basis throughout your digital presence; and the usernames you go for, which, in a perfect world, would be the same on every platform. However, that is virtually impossible nowadays because so many people are online and so many user handles are already taken. Still, try your best to keep them similar. Share your posts from one platform on other platforms. For example, whenever you post a video on YouTube, make a post about it on Twitter. That way, a Twitter follower of yours can also become a YouTube subscriber and your subscriber count... To be continued... Here is a Preview of What You Will Get: ? A Full Book Summary ? "Master time management and you will master college. Thirty percent of college freshman dropout after their first year! And surprisingly, only around half of the students who enroll in college end up graduating with a bachelor's degree! The fact is college is taking longer and longer to get through with less than 60 percent of students who enter four-year schools finish within six years. Your student doesn't have to be one of these statistics! It's not their fault! Students and parents just don't realize the challenges faced in transitioning from high school to college. The skills students learned in high school don't transfer well to the unstructured college environment... Inside the pages of this book, are valuable insights for students to learn how to schedule their time efficiently, how to stop procrastinating, and how to manage their studies, work, and their personal life" -- Suelette Dreyfus and her co-author, WikiLeaks founder Julian Assange, tell the extraordinary true story of the computer underground, and the bizarre lives and crimes of an elite ring of international hackers who took on the establishment. Spanning three continents and a decade of high level infiltration, they created chaos amongst some of the world's biggest and most powerful organisations, including NASA and the US military. Brilliant and obsessed, many of them found themselves addicted to hacking and phreaking. Some descended into drugs and madness, others ended up in jail. As riveting as the finest detective novel and meticulously researched, Underground follows the hackers through their crimes, their betrayals, the hunt, raids and investigations. It is a gripping tale of the digital underground.
