Imagine waking up one morning at age fifty. You're a noted, published artist whose work hangs all over the world. Then imagine finding yourself standing in front of thirty-five at-risk African American high school students in an inner-city classroom in one of the most difficult high schools in the country. It's your job to teach them, and you've never taught a day in your life. This is the story of an artist who did just that. It is a moving story of a middle-aged white artist who dared to venture into the inner city of Savannah, Georgia, and attempt to teach in one of the first all-black high schools for children of freed slaves in America. Yet Shadow Lessons is not another "teacher saves the day" book. It is a story of beauty and ugliness, life and death, joy and sorrow, laughter and despair. Shadow Lessons takes us beyond the classroom on a compelling journey of compassion, healing, and transformation. NATIONAL BESTSELLER An

unforgettable story of an ordinary woman in astonishing circumstances who defies the odds. Timea Nagy was twenty years old when she answered a newspaper ad in Budapest, Hungary, calling for young women to work as babysitters and housekeepers in Canada. Hired by what seemed like a legitimate recruitment agency, Timea left her home believing she would earn good money to send back to her family. What she didn't know was that she'd been lured by a ring of international human traffickers--and her life would never again be the same. Upon her arrival in Toronto, she was forced into sex labour in some of the city's seediest nightclubs, starved and controlled by her agents, and brainwashed to believe she was to blame for her situation. The only way she'd be free was when her debt was paid--but, no matter how hard she worked, that debt seemed only to go up, not down. *Out of the Shadows* is a gripping, heartbreaking and eye-opening journey deep into the underworld of human trafficking and the sex trade, told in riveting detail by one brave survivor. At once tragic and powerfully redemptive, Timea Nagy's story will stay with you long after you've read the last page. Childhood is supposed to be a time of innocence, discovery, making friends, learning, and enjoying simple, uncomplicated days filled with laughter and fun. But what happens if those idealistic hopes and dreams are squashed in an instant when that little girl is sexually abused? What then? *Life in the Shadows* is the true story of how one such little girl lived with crippling feelings of shame and an overwhelming need for secrecy. What followed was a life struggling to cope with severe symptoms of Post-traumatic stress disorder, turning to

alcohol for relief and escape, leading to sleep deprivation and almost absolute isolation. Nancy Legere openly shares how she managed to climb up out of the seemingly never ending darkness that enveloped her life after she was raped at the tender age of seven, and the years that ensued with her falling deeper and deeper into the abyss of anger and fear caused by feelings of self-loathing. Feelings of being unworthy of love and incapable of showing any emotion caused Nancy's life to spiral out of control to the point of contemplating suicide to end her struggles with life as she knew it. "Nancy brings her courage and 'tell it like it is' persona to this story of her journey out of the hell that is childhood sexual abuse, to the healing path she is now walking. She shares openly and honestly about the toll the abuse took on her physically, emotionally, and spiritually, and how she eventually took back her life and her power. It is a triumphant, hard-hitting, sometimes challenging read that leaves us hopeful about finding our way out of the shadows." Dawn McKelvie Cyr, MA "A history of Romania traces the author's intellectual development throughout his extensive visits to the country, sharing his observations about its reflection of European politics, geography and key events while exploring the indelible role of Vladimir Putin."-- NoveList. Are you a Christian? Do you walk daily with the Lord? Are there times when the darkness and demons overtake your thoughts? Just know, you are not alone. A Walk With The Light In The Shadows is the personal journal of Paul Gaumer, a Christian who lives each day with Bipolar Disorder. Join him on a journey into his life as he deals with the darkness and demons all while trying to keep God at the

center of his life. He understands that dealing with a mental illness cannot be prayed away. The thoughts that he, and you, are feeling are real and sometimes need to be dealt with beyond prayer. But, God will never leave you nor will He forsake you and will walk along side of you during the times you need Him most. The stigma of mental health is real, especially in the Christian community. Paul hopes that his book will help begin to start the discussions to end the stigma of mental health among Christians. We have stayed in the shadows long enough. It's time to discuss mental health in the Christian community and let the Light lead your path. **Make Your Yule Magical.** Create and color greeting cards, paper ornaments, festive banners, gift tags, and other witchy winter projects. These meditations cover some of the most important emotional and spiritual lessons for people in this difficult situation. This book is about finding hope in hopeless situations and living a meaningful life while considering the possibility of death. On a sunny fall afternoon in 1988, Jon Sarkin was playing golf when, without a whisper of warning, his life changed forever.

As he bent down to pick up his golf ball, something strange and massive happened inside his head; part of his brain seemed to unhinge, to split apart and float away. For an utterly inexplicable reason, a tiny blood vessel, thin as a thread, deep inside the folds of his gray matter had suddenly shifted ever so slightly, rubbing up against his acoustic nerve. Any noise now caused him excruciating pain. After months of seeking treatment to no avail, in desperation Sarkin resorted to radical deep-brain surgery, which seemed to go well until during recovery his brain began to bleed and he suffered a major stroke. When he awoke, he was a different man. Before the stroke, he was a calm, disciplined chiropractor, a happily married husband and father of a newborn son. Now he was transformed into a volatile and wildly exuberant obsessive, seized by a manic desire to create art, devoting virtually all his waking hours to furiously drawing, painting, and writing poems and letters to himself, strangely detached from his wife and child, and unable to return to his normal working life. His sense of self had been shattered, his intellect intact but his way of being drastically altered. His art became a relentless quest for the right words and pictures to unlock the secrets of how to live this strange new life. And what was even stranger was that he remembered his former self. In a beautifully crafted narrative, award-winning journalist and Pulitzer Prize finalist Amy Ellis Nutt interweaves Sarkin's remarkable story with a fascinating tour of the history of and latest findings in neuroscience and evolution that illuminate how the brain produces, from its web of billions of neurons and chaos of liquid electrical pulses, the richness of human experience that

makes us who we are. Nutt brings vividly to life pivotal moments of discovery in neuroscience, from the shocking “rebirth” of a young girl hanged in 1650 to the first autopsy of an autistic savant’s brain, and the extraordinary true stories of people whose personalities and cognitive abilities were dramatically altered by brain trauma, often in shocking ways. Probing recent revelations about the workings of creativity in the brain and the role of art in the evolution of human intelligence, she reveals how Jon Sarkin’s obsessive need to create mirrors the earliest function of art in the brain. Introducing major findings about how our sense of self transcends the bounds of our own bodies, she explores how it is that the brain generates an individual “self” and how, if damage to our brains can so alter who we are, we can nonetheless be said to have a soul. For Jon Sarkin, with his personality and sense of self permanently altered, making art became his bridge back to life, a means of reassembling from the shards of his former self a new man who could rejoin his family and fashion a viable life. He is now an acclaimed artist who exhibits at some of the country’s most prestigious venues, as well as a devoted husband to his wife, Kim, and father to their three children. At once wrenching and inspiring, this is a story of the remarkable human capacity to overcome the most daunting obstacles and of the extraordinary workings of the human mind. Publishers Weekly "Top 10 Book of the Year" selection "Begins as entertaining slapstick, subtly metamorphoses into fable. . . . As [the narrator's] vivid imaginary world fuses with reality this deceptively ethereal novel advances toward a dark and startling finale." —Wall Street Journal Laid off from his job, Damián Lobo obsessively imagines himself as a celebrity being interviewed on TV. After committing an act of petty theft at an antiques market, he finds himself trapped inside a wardrobe and delivered to the seemingly idyllic home of a husband, wife, and their internet-addicted teenage daughter. There, he sneaks from the shadows to serve as an invisible butler, becoming deeply and disastrously involved with his unknowing host family. Every thread of the plot is ingeniously tied together, creating a potent admixture of parable, love story, and thriller. Millás masterfully reveals the everyday as innately surreal as he renders the

unbelievable tangible and the trivial fantastical, and full of dark humor. Juan José Millás is the recipient of Spain's most prestigious literary prizes: the Premio Nadal, Premio Planeta, and Premio Nacional de Narrativa. A regular contributor to *El País*, Millás has also won many awards for his journalism. He is the author of several short story collections and works of nonfiction as well as over a dozen novels, including *From the Shadows*, the first of his novels to be published in North America. He lives in Madrid. Today, researchers estimate that between five and twenty percent of the population is affected by dyslexia. This growing awareness and understanding of different learning styles has changed the lives of tens of millions of people. When Scott Douthit was growing up in the 1960s, though, no one could explain why it was so difficult for him to succeed in the one-size-fits-all schools he attended. *My Dyslexic Life: A Journey Out of the Shadows*, a deeply moving account of Scott's struggles and triumphs, invites the reader to consider new ways of overcoming barriers to accomplishment and understanding, both for themselves and others. At once entertaining and touching, it offers an intimate glance into the life, mind, and heart of a courageous individual. Scott's story serves as a reminder that the norms, standards, and expectations of society are a work in progress, and that it is within our power to make them more humane and compassionate. Is shamanism all that different from modern witchcraft? According to Christopher Penczak, Wicca's roots go back 20,000 years to the Stone Age shamanic traditions of tribal cultures worldwide. A fascinating exploration of the Craft's shamanic origins, *The Temple of Shamanic Witchcraft* offers

year-and-a-day training in shamanic witchcraft. Penczak's third volume of witchcraft teachings corresponds to the water element - guiding the reader into this realm of emotion, reflection, and healing. The twelve formal lessons cover shamanic cosmologies, journeying, dreamwork, animal/plant/stone medicine, totems, soul retrieval, and psychic surgery. Each lesson includes exercises (using modern techniques and materials), assignments, and helpful tips. The training ends with a ritual for self-initiation into the art of the shamanic witch - culminating in an act of healing, rebirth, and transformation. "Out of the Shadows" takes the reader on a hero's journey into the depths of a woman's life as she was conditioned and sexually violated by a Roman Catholic priest during her most formidable years. Through the lives of Diane Nash, Stokely Carmichael, Bob Moses, Bob Zellner, Julian Bond, Marion Barry, John Lewis, and their contemporaries, *The Shadows of Youth* provides a carefully woven group biography of the activists who—under the banner of the Student Nonviolent Coordinating Committee—challenged the way Americans think about civil rights, politics, and moral obligation in an unjust democracy. A wealth of original sources and oral interviews allows the historian Andrew B. Lewis to recover the sweeping narrative of the civil rights movement, from its origins in the youth culture of the 1950s to the near present. The teenagers who spontaneously launched sit-ins across the South in the summer of 1960 became the SNCC activists and veterans without whom the civil rights movement could not have succeeded. *The Shadows of Youth* replaces a story centered on the achievements of Martin Luther King Jr. with one that unearths the cultural currents that turned a disparate group of young adults into, in Nash's term, skilled freedom fighters. Their dedication to radical democratic possibility was transformative. In the trajectory of their lives, from teenager to adult, is visible the entire arc of the most decisive era of the American civil rights movement, and *The Shadows of Youth* for the first time establishes the centrality of their achievement in the movement's accomplishments.

beautifully wrought exploration of motherhood and loss, the acclaimed New Brunswick writer takes us on a powerful journey into the heart of grief and renewal. Post-Traumatic Stress Disorder (PTSD) education and awareness leader Bob Delaney introduces medical experts who have developed groundbreaking methods in dealing with PTSD, and profiles one-of-a-kind programs around the country devoted to assisting PTSD sufferers. An innovative picture book biography about an unsung hero of early animation Lotte Reiniger (1899–1981) was a German film director and animator best known for *The Adventures of Prince Achmed*, which was released in 1926

and is the oldest surviving animated movie. (It came out a full 11 years before Disney's Snow White!) As a little kid, Reiniger loved reading fairytales and fell in love with puppetry. At school, she learned about paperschnitte, or papercuts, which helped her create her signature style of silhouettes. She grew up to make more than 40 films throughout her long career, most of which were fairytales that used her stop-film animation technique of hand-cut silhouettes. Reiniger is now seen as the foremost pioneer of silhouette animation and the inventor of an early form of the multiplane camera. With art inspired by Reiniger's cut-paper style and a text that uses a fairytale motif that mimics her movies, *Out of the Shadows* is a sweeping tribute to one of the most important figures of animation, whose influence still resonates today. *Hatchet in North Korea: A sister and brother go on the run with explosive forbidden photographs in this gripping and timely survival adventure.* North Korea is known as the most repressive country on Earth, with a dictatorial leader, a starving population, and harsh punishment for rebellion. Not the best place for a family vacation. Yet that's exactly where Mia Andrews finds herself, on a tour with her aid-worker father and fractious older brother, Simon. Mia was adopted from South Korea as a baby, and the trip raises tough questions about where she really belongs. Then her dad is arrested for spying, just as forbidden photographs of North Korean slave-labor camps fall into Mia's hands. The only way to save Dad: get the pictures out of the country. Thus Mia and Simon set off on a harrowing journey to the border, without food, money, or shelter, in a land where anyone who sees them might turn

them in, and getting caught could mean prison -- or worse. An exciting adventure that offers a rare glimpse into a compelling, complicated nation, *In the Shadow of the Sun* is an unforgettable novel of courage and survival. "I owe Alaska. It gave me everything I have." Says Sidney Huntington, son of an Athapaskan mother and white trader/trapper father. Growing up on the Koyukuk River in Alaska's harsh Interior, that "everything" spans 78 years of tragedies and adventures. When his mother died suddenly, 5-year-old Huntington protected and cared for his younger brother and sister during two weeks of isolation. Later, as a teenager, he plied the wilderness traplines with his father, nearly freezing to death several times. One spring, he watched an ice-filled breakup flood sweep his family's cabin and belongings away. These and many other episodes are the compelling background for the story of a man who learned the lessons of a land and culture, lessons that enabled him to prosper as trapper, boat builder, and fisherman. This is more than one man's incredible tale of hardship and success in Alaska. It is also a tribute to the Athapaskan traditions and spiritual beliefs that enabled him and his ancestors to survive. His story, simply told, is a testament to the durability of Alaska's wild lands and to the strength of the people who inhabit them. Psychiatrist Andrew Marlow, devoted to his profession and the painting hobby he loves, has a solitary but ordered life. When renowned painter Robert Oliver attacks a canvas in the National Gallery of Art and becomes his patient, Marlow finds that order destroyed. Desperate to understand the secret that torments the genius, he embarks on a journey that leads him into the lives of the women closest

to Oliver and a tragedy at the heart of French Impressionism. Kostova's masterful new novel travels from American cities to the coast of Normandy, from the late 19th century to the late 20th, from young love to last love. The Swan Theives is a story of obsession, history's losses, and the power of art to preserve human hope. To apply for asylum, Refugee 214 must tell his story. With him in the room are a man from his new country, and the shadows of four loved ones who did not survive the journey. 214 reveals how he and his younger sister fled their homes and set off toward the border; how they met and suffered with friends, and lost them; and how the plight of the refugee is an experience that erases differences between individuals, even as it threatens to erase the individuals themselves. The only one left to tell the tale, 214 swallows his fears and relates what he and the shadows saw and did, in the hope that his life and the lives of the others won't have been in vain. Creators Zabus & Hippolyte present an intimate and heartrending look at one fictional refugee's story, while encompassing the larger plight of displaced people. Goldmining the Shadows helps you access qualities of your personality that went underground when they proved to be unacceptable to your caregivers and culture. When incidents around the world hint at the reemergence of an ancient evil known as Nyugo, the Sonzai-a clan of modern-day Japanese warriors equipped with supernatural abilities-are called into action. Their youthful commander Tsumisu knows little of the powers he possesses, but he wields them fiercely. Akari, his katana, is a blade that no human could have forged, and he is a swordsman of unmatched skill. When their investigation turns up an ancient artifact, Tsumisu and Shujin quickly find themselves caught in the midst of a struggle between Devonians and Ordovicians-extraterrestrial beings whose eight-hundred-year-old search for the Chosen One has brought them to Earth. As dimensions are crossed and battles are waged, Tsumisu draws the attention of Nataliya Artemis, an Ordovician who holds the key to a magnificent power and the knowledge of a stunning truth about Shujin. In the first volume in the Journey of the Shadow saga, Stone Abdullah weaves a fantastical tale of good versus evil in a modern world of supernatural power. When Phyllis Curott, a high-powered Manhattan lawyer began exploring Witchcraft, she discovered a spiritual movement that defied all stereotypes.

Encountering neither satanic rites nor eccentric spinsters, she came to embrace the reconstruction of Europe's indigenous spirituality; the religion of the Goddess. *Book of Shadows* chronicles Phyllis' introduction and initiation into Wicca, her ascension to the position of Wiccan High Priestess, and her efforts to reconcile her newfound spirituality with her struggles as a woman rising through the ranks of the corporate world. Along the way, she relates the history of Witchcraft and shares many traditional Wiccan practices. "This is absorbing, headlong reading, a play on classic horror with an inventiveness of its own... As with all the best illusions, you are left feeling not tricked, but full of wonder." – The New York Times The haunting new thriller from Alex North, author of the New York Times bestseller The Whisper Man You knew a teenager like Charlie Crabtree. A dark imagination, a sinister smile--always on the outside of the group. Some part of you suspected he might be capable of doing something awful. Twenty-five years ago, Crabtree did just that, committing a murder so shocking that it's attracted that strange kind of infamy that only exists on the darkest corners of the internet--and inspired more than one copycat. Paul Adams remembers the case all too well: Crabtree--and his victim--were Paul's friends. Paul has slowly put his life

back together. But now his mother, old and suffering from dementia, has taken a turn for the worse. Though every inch of him resists, it is time to come home. It's not long before things start to go wrong. Paul learns that Detective Amanda Beck is investigating another copycat that has struck in the nearby town of Featherbank. His mother is distressed, insistent that there's something in the house. And someone is following him. Which reminds him of the most unsettling thing about that awful day twenty-five years ago. It wasn't just the murder. It was the fact that afterward, Charlie Crabtree was never seen again... An honest, heartfelt portrait of the dynamic yet troubled Billy Carter, written by his son.

1943, Germany: Two years ago, fate gave a beautiful young Jewish woman named Margarete Rosenbaum the chance to survive the Nazis, by pretending to be one of them, hiding in plain sight. Now she must make a terrifying decision... Margarete lives as Annegret Huber would have, in a beautiful rural mansion by a forest in northern Germany. She is the heiress to the entire Huber fortune-one which she has devastatingly discovered includes a factory and Nazi prison camp. Margarete has done everything she can to help improve conditions there, and to reduce suffering for the prisoners who remind her so much of her own lost family and friends. However, as the war rages on and the Nazis become more brutal in their treatment of Jews, she realizes she must do more. She has to help the prisoners escape to real safety, because they will never survive in Hitler's Germany. She's heard of a route to freedom through Sweden. Although that means secretly reaching out to the resistance. With the risk of betrayal at every turn, her enquiries lead her

to a man named Stefan, who she instantly feels a powerful connection to. But she fears he will never trust her... unless she reveals the secret that keeps her safe. At the same time, a Nazi officer begins to show romantic interest in her, making it harder to keep her identity a secret. His loyalty to the party is beyond question, so if he finds her out, not only will her plan be at risk, but also her life and those of everyone she cares for. But can she let that fear stop her from saving others? Because she knows she herself could so easily be one of the faces on the other side of the fence. And that, in the darkest times, sometimes the only person who can rise up is the girl in the shadows... The powerful third novel in Marion Kummerow's bestselling *Margarete's Journey* series is an unforgettable and devastating story, perfect for fans of *The Nightingale*, *The Lilac Girls*, and *All the Light We Cannot See*. Readers love Marion Kummerow: "Awesome!!... WOW... Completely and utterly amazing... I cannot explain how much I enjoyed reading this... I highly highly recommend this story!!... Simply amazing!!" Goodreads reviewer ?????? Over the last five years, transgender people have seemed to burst into the public eye: Time declared 2014 a 'trans tipping point', while American Vogue named 2015 'the year of trans visibility'. From our television screens to the ballot box, transgender people have suddenly become part of the zeitgeist. This apparently overnight emergence, though, is just the latest stage in a long and varied history. The renown of Paris Lees and Hari Nef has its roots in the efforts of those who struggled for equality before them, but were met with indifference – and often outright hostility – from mainstream society. Trans Britain chronicles this

journey in the words of those who were there to witness a marginalised community grow into the visible phenomenon we recognise today: activists, film-makers, broadcasters, parents, an actress, a rock musician and a priest, among many others. Here is everything you always wanted to know about the background of the trans community, but never knew how to ask. “In climbing the Seven Summits, Silvia Vasquez-Lavado did nothing less than take back her own life—one brave step at a time. She will inspire untold numbers of souls with this story, for her victory is a win on behalf of all of us.”—Elizabeth Gilbert

Endless ice. Thin air.

The threat of dropping into nothingness thousands of feet below. This is the climb Silvia Vasquez-Lavado braves in her page-turning, pulse-raising memoir chronicling her journey to Mount Everest. A Latina hero in the elite macho tech world of Silicon Valley, privately, she was hanging by a thread. Deep in the throes of alcoholism, hiding her sexuality from her family, and repressing the abuse she’d suffered as a child, she started climbing. Something about the brute force required for the ascent—the risk and spirit and sheer size of the mountains and death’s close proximity—woke her up. She then took her biggest pain as a survivor to the biggest mountain: Everest. “The Mother of the World,” as it’s known in Nepal, allows few to reach her summit, but Silvia didn’t go alone. She gathered a group of young female survivors and led them to base camp alongside her. It was never easy. At times hair-raising, nerve-racking, and always challenging, Silvia remembers the acute anxiety of leading a group of novice climbers to Everest’s base, all the while coping with her own nerves of summiting. But, there were also moments

of peace, joy, and healing with the strength of her fellow survivors and community propelling her forward. In the *Shadow of the Mountain* is a remarkable story of heroism, one which awakens in all of us a lust for adventure, an appetite for risk, and faith in our own resilience. Steve Hayner was serving as president of Columbia Seminary and was healthy and fit when he found out he had terminal pancreatic cancer. These pages, including reflections from some of those closest to Steve and his wife Sharol, offer us a hope-filled glimpse into what it means to walk with God in honesty, with joy, even through great pain. A handbook about depression featuring a personal account of one man's struggle with depression. Helmi's *Shadow* tells the sweeping true story of two Russian Jewish refugees, a mother (Rachel Koskin) and her daughter (Helmi). With determination and courage, they survived decades of hardship in the hidden corners of war-torn Asia and then journeyed across the Pacific at the end of the Second World War to become United States citizens after seeking safe harbor in the unlikely western desert town of Reno, Nevada. This compelling narrative is also a memoir, told lovingly by Helmi's son, David, of growing up under the wings of these strong women in an unusual American family. Rachel Koskin was a middle-class Russian Jew born in Odessa, Ukraine, in 1896. Ten years later, her family fled from the murderous pogroms against Jews in the Russian Empire eastward to Harbin, a Russian-controlled city within China's borders on the harsh plain of Manchuria. Full of lively detail and the struggles of being stateless in a time of war, the narrative follows Rachel through her life in Harbin, which

became a center of Russian culture in the Far East; the birth of her daughter, Helmi, in Kobe, Japan; their life together in the slums of Shanghai and back in Japan during World War II, where they endured many more hardships; and their subsequent immigration to the United States. This remarkable account uncovers a history of refugees living in war-torn China and Japan, a history that to this day remains largely unknown. It is also a story of survival during a long period of upheaval and war—from the Russian Revolution to the Holocaust—and an intimate portrait of an American immigrant family. David reveals both the joys and tragedies he experienced growing up in a multicultural household in post-Second World War America with a Jewish mother, a live-in Russian grandmother, and a devout Irish Catholic American father. As David develops a clearer awareness of the mysterious past lives of his mother and grandmother—and the impact of these events on his own understanding of the long-term effects of fear, trauma, and loss—he shows us that, even in times of peace and security, we are all shadows of our past, marked by our experiences, whether we choose to reveal them to others or not.
