The End of Power Oct 23 2020 We know that power is shifting: From West to East and North to South, from presidential palaces to public squares, from once formidable corporate behemoths to nimble startups and, slowly but surely, from men to women. But power is not merely shifting and dispersing. It is also decaying. Those in power today are more constrained in what they can do with it and more at risk of losing it than ever before. In *The End of Power*, award-winning columnist and former Foreign Policy editor Moisés Naím illuminates the struggle between once-dominant megaplayers and the new micropowers challenging them in every field of human endeavor. Drawing on provocative, original research, Naím shows how the antiestablishment drive of micropowers can topple tyrants, dislodge monopolies, and open remarkable new opportunities, but it can also lead to chaos and paralysis. Naím deftly covers the seismic changes underway in business, religion, education, within families, and in all matters of war and peace. Examples abound in all walks of life: In 1977, eighty-nine countries were ruled by autocrats while today more than half the world's population lives in democracies. CEO's are more constrained and have shorter tenures than their predecessors. Modern tools of war, cheaper and more accessible, make it possible for groups like Hezbollah to afford their own drones. In the second half of 2010, the top ten hedge funds earned more than the world's largest six banks combined. Those in power retain it by erecting powerful barriers to keep challengers at bay. Today, insurgent forces dismantle those barriers more quickly and easily than ever, only to find that they themselves become vulnerable in the process. Accessible and captivating, Naím offers a revolutionary look at the inevitable end of power—and how it will change your world.

[Women and Power at the French Court, 1483-1563](#) Feb 13 2020 *Women and Power at the French Court, 1483-1563* explores the ways in which a range of women - as consorts, regents, mistresses, factional power players, attendants at court, or as objects of courtly patronage - wielded power in order to advance individual, familial, and factional agendas at the early sixteenth-century French court. Spring-boarding from the burgeoning scholarship of gender, the political, and power in early modern Europe, the collection provides a perspective from the French court, from the reigns of Charles VIII to Henri II, a time when the French court was a renowned center of culture and at which women played important roles.

Crossdisciplinary in its perspectives, these essays by historians, art and literary scholars investigate the dynamic operations of gendered power in political acts, recognized status as queens and regents, ritualized behaviors such as gift-giving, educational coteries, and through social networking, literary and artistic patronage, female authorship, and epistolary strategies. Bron: Flaptekst, uitgeversinformatie.

King Aug 13 2022 She stole a suitcase full of cash—and secrets—from a king of the Las Vegas underworld. Then she stole his heart. It was too tempting to pass up. A suitcase full of cash. A new identity already burning a hole in my wallet. So I did it. I took the money and ran. I had no idea the money belonged to a

king of the Las Vegas underworld. And I definitely wasn't prepared for what he would do to get it back. *** I knew I shouldn't have let a drug addict ex-grunt pick up that suitcase, even if he was my best friend. I should never have agreed to be the one to get the suitcase back. Then I wouldn't have met Izzy Lake and fallen for her bad fake accent, her beauty, and her raw vulnerability. If I don't get that suitcase back in eight days, I'll be spending the rest of my life behind bars. I need that suitcase. But I need her more. [Power Players](#) Jun 18 2020 An introduction to fifteen of the hottest pro football players, both veterans and rookies, includes facts, stats, and cool photos of each.

Knox Apr 09 2022 From New York Times bestselling author Cassia Leo comes a sinfully sexy and suspenseful new series. Rebecca hasn't seen or heard from her mob boss father in four years, but she's about to receive a message from him that will throw her life into chaos. Rebecca thought she left the crime family, and the painful memories, behind when she went into law enforcement. She never expected to be abducted by a sexy stranger. But when this stranger makes Rebecca an offer too tempting to refuse, she finds herself dragged into one of the most ruthless vendettas of the century. Knox Savage is the searingly sexy CEO of Knox Security and a notorious playboy. What most don't know about Knox is that he loves helping high-profile criminals escape justice. He makes no judgments about guilt or innocence. And he doesn't do it for sentimental reasons. But he's about to take on a case that's going to get very personal.

Things That Make White People Uncomfortable Mar 16 2020 Michael Bennett is a Super Bowl Champion, a three-time Pro Bowl defensive end, a fearless activist, a feminist, a grassroots philanthropist, an organizer, and a change maker. He's also one of the most scathingly humorous athletes on the planet, and he wants to make you uncomfortable. Bennett adds his unmistakable voice to discussions of racism and police violence, Black athletes and their relationship to powerful institutions like the NCAA and the NFL, the role of protest in history, and the responsibilities of athletes as role models to speak out against injustice. Following in the footsteps of activist-athletes from Muhammad Ali to Colin Kaepernick, Bennett demonstrates his outspoken leadership both on and off the field. Written with award-winning sportswriter and author Dave Zirin, *Things that Make White People Uncomfortable* is a sports book for our turbulent times, a memoir, and a manifesto as hilarious and engaging as it is illuminating.

[Bowling Beyond the Basics](#) Oct 11 2019 "Why did I leave the 10-pin on that shot?" "Why isn't my ball hitting the pocket anymore?" "Should I change balls, or move?" "How heavy should my ball be?" "What's the best bowling ball?" "How do I get more hook?" "Why do I keep missing my spares?" Bowlers are faced with endless questions, problems, and choices every time we bowl. Answers and solutions abound, but a great many of them are ineffective or just plain wrong. How do we know what to do? How do we know what to

believe? In this book we examine: What doesn't work, and what bowlers have wrong. What's really happening on the lanes, and how things really work. What you need to change to get back to striking. How to properly make that change. We teach you how to figure out exactly what's wrong with your shot. We show you all of the adjustments available to you, teach you what each one actually does, and show you how and when to apply it. We give you strategies that will improve your lane play and your decision making. Finally, we teach you a mathematically sound spare system that will simplify your game and make picking up your spares an easy proposition. We give you all of the knowledge and tools you need to take your game to the next level and become the bowler you want to be.

Giants Jun 30 2021 A look at the top 300 most powerful players in world capitalism, who are at the controls of our economic future. Who holds the purse strings to the majority of the world's wealth? There is a new global elite at the controls of our economic future, and here former Project Censored director and media monitoring sociologist Peter Phillips unveils for the general reader just who these players are. The book includes such power players as Mark Zuckerberg, Bill Gates, Jeff Bezos, Jamie Dimon, and Warren Buffett. As the number of men with as much wealth as half the world fell from sixty-two to just eight between January 2016 and January 2017, according to Oxfam International, fewer than 200 super-connected asset managers at only 17 asset management firms—each with well over a trillion dollars in assets under management—now represent the financial core of the world's transnational capitalist class. Members of the global power elite are the management—the facilitators—of world capitalism, the firewall protecting the capital investment, growth, and debt collection that keeps the status quo from changing. Each chapter in *Giants* identifies by name the members of this international club of multi-millionaires, their 17 global financial companies—and including NGOs such as the Group of Thirty and the Trilateral Commission—and their transnational military protectors, so the reader, for the first time anywhere, can identify who constitutes this network of influence, where the wealth is concentrated, how it suppresses social movements, and how it can be redistributed for maximum systemic change.

New Power Oct 03 2021 From two influential and visionary thinkers comes a big idea that is changing the way movements catch fire and ideas spread in our highly connected world. For the vast majority of human history, power has been held by the few. "Old power" is closed, inaccessible, and leader-driven. Once gained, it is jealously guarded, and the powerful spend it carefully, like currency. But the technological revolution of the past two decades has made possible a new form of power, one that operates differently, like a current. "New power" is made by many; it is open, participatory, often leaderless, and peer-driven. Like water or electricity, it is most forceful when it surges. The goal with new power is not to hoard it, but to channel it. New power is behind the rise of participatory communities like Facebook and YouTube, sharing services like Uber and Airbnb, and rapid-fire social movements like Brexit and #BlackLivesMatter. It explains the unlikely success of Barack Obama's 2008 campaign and the unlikelier victory of Donald Trump in 2016. And it gives ISIS its power to propagate its brand and distribute its violence. Even old power institutions like the Papacy, NASA, and LEGO have tapped into the strength of the crowd to stage improbable reinventions. In *New Power*, the business leaders/social visionaries Jeremy Heimans and Henry Timms provide the tools for using new power to successfully spread an idea or lead a movement in the twenty-first century. Drawing on examples from business, politics, and social justice, they explain the new world we live in—a world where connectivity has made change shocking and swift and a world in which everyone expects to participate.

The Coercive Utopians Jan 18 2023

The Givers Dec 13 2019 An inside look at the secretive world of elite philanthropists—and how they're quietly wielding ever more power to shape American life in ways both good and bad. While media attention focuses on famous philanthropists such as Bill Gates and Charles Koch, thousands of donors are at work below the radar promoting a wide range of causes. David Callahan charts the rise of these new power players and the ways they are converting the fortunes of a second Gilded Age into influence. He shows how this elite works behind the scenes on education, the environment, science, LGBT rights, and many other issues—with deep impact on government policy. Above all, he shows that the influence of the Givers is only just beginning, as new waves of billionaires like Mark Zuckerberg turn to philanthropy. Based on extensive research and interviews with countless donors and policy experts, this is not a brief for or against the

Givers, but a fascinating investigation of a power shift in American society that has implications for us all. *The Hollywood Assistants Handbook* Sep 21 2020 Are you young, eager, smart, and heading off to LA to make it big in the entertainment business? Time for a reality check: Leave your diploma at home, put your grandiose dreams on hold (where hopefully they'll get tired and hang up), and start by repeating the first rule of the industry: Who you work for is more important than who you are. Then leapfrog over everyone else by reading *The Hollywood Assistants Handbook*. Written by two very sharp and successful assistants to HPPs (Hollywood Power Players), here are 86 lessons packed with a combination of blunt truth, insider humor, and juicy secrets that explain the unwritten rules of how to get a foot in the door and make all the right moves as you climb to the top. Here are the minimum-wage jobs that will put you in the path of HPPs. An annotated resume roundup. The clubs to frequent and the cocktails to order. Movies to watch and books to read (it's called homework). Dressing do's and don'ts. How to get on the Free List. A lineup of boss genres—the Horror Show, the Romantic Comedy, Mr. Action—and how to dodge the tirades that will soon be hurled your way, along with the proper outlets for venting. Plus, the ins and outs of your most important tool, the telephone—when to listen in (always!), who to put through and who to put off, and your new best friend forever, the Plantronics CS70 cordless headset. With its hilariously snarky tone—the gate-keeping quiz is "How to Tell if You're a Moron Who Should Pack Up the Corolla and Move Back Home"—*The Hollywood Assistants Handbook* is as baldly entertaining for everyone who loves reading about Hollywood as it is indispensably practical for the job-seeker.

Handbook of Global Economic Governance Jan 06 2022 Since the summer of 2007, the world scenario has been dominated by the US sub-prime mortgage crisis and its repercussions on global financial markets and economic growth. As banks around the world wrote down their losses and governments intervened to rescue domestic financial institutions, financial distress severely hit the real economy leading to what has been widely defined as the worst recession since the 1930s. Under these conditions, along with the immediate concern for stemming the effects of the crisis, policy-makers around the world have been debating the long-term measures that have to be adopted in order to reduce the likelihood of future crises and to ensure stable economic growth. Although this debate has not yet produced significant transformations, it indicates a renewed concern about the institutional architecture that is meant to govern the global economic and financial system. This book tackles the issue of what the governance of the global economic and financial system looks like and what the prospects for its reform are. Specifically, the book will address the following three main themes: Governance: What is governance in the international economic system? What forms does it take? How did it come about? How can we study it?; Functions of governance: What are the functions of global economic governance? Who performs them? What are the rules and mechanisms that make global governance possible? Problems and prospects of governance: What are the problems in global economic governance? Is there a trade-off between legitimacy and efficiency? What are the prospects for reform of global economic governance in the aftermath of the global financial crisis? This book will: _ Provide a thorough analysis of the issues at stake in designing international rules and institutions able to govern the global economy; _ Illustrate and analyze virtually all the main institutions, rules, and arrangements that make up global economic governance, inscribing them within the function these institutions, rules, and arrangements are meant to perform; _ Discuss the problems that affect today's global economic governance and assess alternative proposals to reform the international financial architecture.

Ready Player One Dec 25 2020 #1 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Steven Spielberg. "Enchanting . . . Willy Wonka meets *The Matrix*."—USA Today • "As one adventure leads expertly to the next, time simply evaporates."—Entertainment Weekly A world at stake. A quest for the ultimate prize. Are you ready? In the year 2045, reality is an ugly place. The only time Wade

Watts really feels alive is when he's jacked into the OASIS, a vast virtual world where most of humanity spends their days. When the eccentric creator of the OASIS dies, he leaves behind a series of fiendish puzzles, based on his obsession with the pop culture of decades past. Whoever is first to solve them will inherit his vast fortune—and control of the OASIS itself. Then Wade cracks the first clue. Suddenly he's beset by rivals who'll kill to take this prize. The race is on—and the only way to survive is to win. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Entertainment Weekly • San Francisco Chronicle • Village Voice • Chicago Sun-Times • iO9 • The AV Club "Delightful . . . the grown-up's Harry Potter."—HuffPost "An addictive read . . . part intergalactic scavenger hunt, part romance, and all heart."—CNN "A most excellent ride . . . Cline stuffs his novel with a cornucopia of pop culture, as if to wink to the reader."—Boston Globe "Ridiculously fun and large-hearted . . . Cline is that rare writer who can translate his own dorky enthusiasms into prose that's both hilarious and compassionate."—NPR "[A] fantastic page-turner . . . starts out like a simple bit of fun and winds up feeling like a rich and plausible picture of future friendships in a world not too distant from our own."—iO9

Find out what it's like to run for local office as a first-time candidate Explore the introspection required and the study necessary to make such a run effective Deal with marketing, fundraising, interacting with the public, and dealing with opponents Encourage and help others to make a run for local office Though only one person ultimately wins a seat, nobody does it without a wide network of support. Running For Local Office For Dummies is your ticket to navigating every step on the road to winning that election.

The Player's Power to Change the Game Nov 11 2019 In recent decades, what could be considered a gamification of the world has occurred, as the ties between games and activism, games and war, and games and the city grow ever stronger. In this book, Anne-Marie Schleiner explores a concept she calls 'ludic mutation', a transformative process in which the player, who is expected to engage in the preprogrammed interactions of the game and accept its imposed subjective constraints, seizes back some of the power otherwise lost to the game itself. Crucially, this power grab is also relevant beyond the game because players then see the external world as material to be reconfigured, an approach with important ramifications for everything from social activism to contemporary warfare.

Difficult People at Work Jul 12 2022

Positioning and Power in Academic Publishing: Players, Agents and Agendas Jun 11 2022 The field of electronic publishing has grown exponentially in the last two decades, but we are still in the middle of this digital transformation. With technologies coming and going for all kinds of reasons, the distribution of economic, technological and discursive power continues to be negotiated. This book presents the proceedings of the 20th Conference on Electronic Publishing (Elpub), held in Göttingen, Germany, in June 2016. This year's conference explores issues of positioning and power in academic publishing, and it brings together world leading stakeholders such as academics, practitioners, policymakers, students and entrepreneurs from a wide variety of fields to exchange information and discuss the advent of innovations in the areas of electronic publishing, as well as reflect on the development in the field over the last 20 years. Topics covered in the papers include how to maintain the quality of electronic publications, modeling processes and the increasingly prevalent issue of open access, as well as new systems, database repositories and datasets. This overview of the field will be of interest to all those who work in or make use of electronic publishing.

King: A Power Players Stand-Alone Novel Nov 04 2021 From New York Times bestselling author Cassia Leo comes a romance about taking chances, double lives, and falling madly in love with the one person you're supposed to want dead. Never steal from a king. Down on her luck in Las Vegas, Isabel "Izzy" Lake turns to the regulated prostitution industry. But her first day on the job ends abruptly when her client dies, and his suitcase contains over a million dollars. Izzy takes the money and sets off to a small town on the other side of the country, where she attempts to live a low-profile life. A few weeks into her new country girl lifestyle, she finds owning an old fixer-upper isn't so fun when you're a city girl with zero DIY skills. Izzy's handsome new neighbor, Kingston Jameson, is all too eager to fix her leaky faucet and warm the cold side of her bed. It's not long before she finds herself falling for King. But is he really the sweet-talking country boy he claims to be, or has he come to collect more than her heart? *** Kingston "King" Jameson knew he shouldn't have let Garrett pick up the suitcase full of cash. And he sure as hell never expected Garrett to die at a brothel and get robbed by a prostitute. King needs to get the suitcase - and the secret item hidden in the lining - before his boss kills him. He has one problem: The girl who stole the suitcase has hidden it very well. She left her entire life behind in Las Vegas. She's got nothing left to lose. If King wants that suitcase, he needs to get close to her. Close enough to watch her every move. To know her deepest secrets. Okay, he has two problems: He's also fallen in love with the girl he's supposed to kill.

The 48 Laws of Power Mar 28 2021 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Variety Power Players 2000 Apr 28 2021 From the editors of "Variety" comes an essential and entertaining guide to the most influential contenders in the industry--from those working in front of the camera to the forces behind the scenes.

Collective Bargaining in Professional Sports Aug 21 2020 Collective Bargaining in Professional Sports provides a timely and practical overview of the impact and importance of the collective bargaining process in the business of professional sports in the United States. Focusing on the contemporary history of collective bargaining in the National Basketball Association (NBA) and the National Football League (NFL), but drawing out important lessons for all professional sports, the book sheds light on some of the key issues within modern sport business and sport governance. It offers an inside look into topics such as revenue sharing, competitive balance, circumvention of league rules, player free agency, player social activism, player discipline, and the ethical and legal issues around the use of wearable biometric tracking systems to collect player data. An essential read for sports business industry practitioners and students alike, this is fascinating reading for anybody with an interest in sport business, sport law or labor relations. It is also a valuable resource for anyone who wants to increase their understanding of the business and financial operations of professional sports leagues and teams, player contracts and salaries, and the role and authority of professional sports league commissioners.

The Power Book Dec 17 2022 Power can be benevolent. Power can be gentle. You can still get EXACTLY what you want without resorting to backstabbing moves. Power is a loaded word. It shouldn't be. It's the currency we trade in today and we all need it. Knowing how it works, how to get it and how to use it can make life much easier. From power in relationships to power in families to power in society to power in the workplace, *The Power Book* will teach you how to be a more powerful person and how to use that power wisely. Rose Herceg is an entrepreneur, strategist and author of two books, *The Seven Myths and Seven Realities of Generation X* and *Ideas Generation*.

Nick Bollettieri's Tennis Handbook-2nd Edition Nov 23 2020 Nick Bollettieri's Tennis Handbook, Second Edition, is the most comprehensive guide to learning and teaching tennis from the sport's most successful coach. Covering stroke techniques, strategies, skill development, conditioning, and mental training, this book allows you to train with a true master teacher and apply the system used in coaching 10 top-ranked players in the world.

Things They Didn't Teach You In Seminary May 18 2020 After countless hours of immersion in theological curriculum and grueling examinations, the long-awaited graduation from seminary has finally arrived. However, after that celebrated walk across the stage, and the turning of the tassel, now the true test comes. Although many graduates have traversed seminary training, the question remains, are they prepared to take the reins of that prospective church? In his eye-opening debut book, Dr. Derrick J. Hughes reveals why seminaries are not equipped to give the practical knowledge needed to lead a successful ministry. With over 30 years of experience in church planting and pastoring small, mid, and mega-sized ministries, Dr. Hughes' pragmatic approach to ministry will benefit leaders of churches of any size. Church

leaders will learn how to avoid some of the common mistakes that turn ministry into misery. Whether or not you have had formal training, Dr. Hughes' insights will help pastors from any denomination avoid the pitfalls that cause ministers to quit or derail their success in the ministry. Regardless of whether you are just beginning or are a seasoned church leader, anyone called to Christian ministry will be informed and enriched by Dr. Hughes' priceless jewels for practical church leadership.

Also includes entertaining stories such as "How MTV Came to Be". It has been called one of the top two books ever written on the subject of the music business.

Baseball's Power Shift Sep 02 2021 From Major League Baseball's inception in the 1880s through World War II, team owners enjoyed monopolistic control of the industry. Despite the players' desire to form a viable union, every attempt to do so failed. The labor consciousness of baseball players lagged behind that of workers in other industries, and the public was largely in the dark about labor practices in baseball. In the mid-1960s, star players Sandy Koufax and Don Drysdale staged a joint holdout for multiyear contracts and much higher salaries. Their holdout quickly drew support from the public; for the first time, owners realized they could ill afford to alienate fans, their primary source of revenue. *Baseball's Power Shift* chronicles the growth and development of the union movement in Major League Baseball and the key role of the press and public opinion in the players' successes and failures in labor-management relations. Swanson focuses on the most turbulent years, 1966 to 1981, which saw the birth of the Major League Baseball Players Association as well as three strikes, two lockouts, Curt Flood's challenge to the reserve clause in the Supreme Court, and the emergence of full free agency. To defeat the owners, the players' union needed support from the press, and perhaps more importantly, the public. With the public on their side, the players ushered in a new era in professional sports when salaries skyrocketed and fans began to care as much about the business dealings of their favorite team as they do about wins and losses. Swanson shows how fans and the media became key players in baseball's labor wars and paved the way for the explosive growth in the American sports economy.
