The story of the recovery of mountain lions in the Black Hills of South Dakota. Mountain lions, sometimes called pumas or cougars, were once spread throughout the United States, occupying all 48 of the contiguous states. By the 1960s, though, they were almost extinct in central and eastern North America. In Mountain Lions of the Black Hills, Dr. Jonathan A. Jenks, who, along with his team of graduate students, has tracked over 200 of these fascinating predators, tells the complex story of the big cats' lives in the northern Great Plains. Jenks reports on mountain lion population dynamics, diet, nutrition, diseases, behavior, and genetics. He explores the impact of a changing prey base on population growth and decline, movements within and away from the region, and hunting on the species; discusses interactions between the cats and livestock; and examines local people's evolving perceptions of mountain lions. Throughout, Jenks explores how we can balance conservation

techniques with the needs of humans. Providing a unique look into how a large, secretive predator recolonized an isolated region of North America, Mountain Lions of the Black Hills is required reading for wildlife professionals. A captivating text for anyone struck by the wild majesty of these big cats, this book provides invaluable data upon which to make sound management decisions in the Great Plains and beyond. On Safari, B.E.A., 16th October 1909. To Sir Alfred E. Pease. Dear Sir Alfred,—I am very much pleased that you are to write a book about lion-hunting. Very, very few people have an experience which better justifies such a book. It is the king of all sports when carried on as you have carried it on, especially when you gallop the lion, and then kill him on foot as he charges or prepares to charge as a lion thus rounded up will generally do. I am peculiarly pleased to have you write the book, for it was under your guidance that I first tried lion-hunting. Sincerely yours, Theodore Roosevelt. This hunting classic contains the following chapters: Foreword by Theodore Roosevelt I. Lions and Lion Land II. About Courage III. Of the Courage of Lions IV. Of Dangerous Game V. Of Sport VI. The Lion VII. The

Distribution of Lions VIII. Lion Cubs and Tame Lions IX. The Haunts of Lions X. The Lion's Voice and the Lion's Eye XI. Some Ways of Lions XII. In the Lion's Jaw XIII. After one night's deadly mistake, a man will go to any lengths to save his family and his reputation. Neurosurgeon Eitan Green has the perfect life--married to a beautiful police officer and father of two young boys. Then, speeding along a deserted moonlit road after an exhausting hospital shift, he hits someone. Seeing that the man, an African migrant, is beyond help, he flees the scene. When the victim's widow knocks at Eitan's door the next day, holding his wallet and divulging that she knows what happened, Eitan discovers that her price for silence is not money. It is something else entirely, something that will shatter Eitan's safe existence and take him into a world of secrets and lies he could never have anticipated.

WAKING LIONS is a gripping, suspenseful, and morally devastating drama of guilt and survival, shame and desire from a remarkable young author on the rise. The touching, magical story of a boy in a war-torn country and the stone lion that rescues him. Renato loves his home in Florence, Italy. He loves playing with his friends in the Piazza della Signoria. He loves walking home by the beautiful buildings and fountains with his father in the evenings. And he especially loves the stone lion who seems to smile at him from a pedestal in the piazza. The lion makes him feel safe. But one day his father tells him that their family must leave. Their country is at war, and they will be safer in America. Renato can only think of his lion. Who will keep him safe? With luminous watercolor paintings, Barbara DiLorenzo captures the beauty of Florence in this heartwarming and ultimately magical picture book. The British Army is circling the stronghold of the King of Abyssinia. Its mission is to rescue the British Envoy,

held prisoner. Watching with terror and awe is the king's young son, Alamayu. He knows that his father is as brave as a lion, but the fighting is cruel and efficient. By the time it is over, Alamayu is left without parents, throne or friends. In a misguided attempt to care for him, the British take Alamayu to England. There he is befriended by the Queen herself and enrolled at Rugby College to become a 'proper' English gentleman. What the English see as an honour is, to this lonely Ethiopian prince, terrifying and brutal. *The Prince Who Walked With Lions* is Alamayu's story, seen through his eyes: the battle, the journey to England and the trauma of an English public school as he tries to come to terms with the hand that fate has dealt him, skillfully told by Elizabeth Laird. Small groups are where life change happens. We can listen to sermons and read books, but God has made us relational creatures, and we find deeper meaning through our interactions with others. *Walking with Lions* challenges group leaders to take risks to dive deeper into each person's personal story—at their own pace and their own comfort level. This leader's guide will equip you to help the people in your group experience biblical, inspiring, encouraging, life-changing "one another" connections. *The Challenge Before You Is a Bold One: To Accept the Wild, Daring Adventure of Becoming a Man We want to be self-sufficient. Find our own direction as we pursue our dreams. Know it all and never ask for help. Isn't this how most guys approach manhood? On our own, pretending we are doing better than we really are? But sooner or later the thrill of independence gets lost in the fog of isolation. It's time to take the pressure off. We were never meant to figure life out on our own. This book was born out of a series of weekly phone calls between Sam Eldredge, a young writer in his twenties, and his dad, best-selling author John Eldredge. Join the conversation as a father and son talk about pursuing beauty, dealing with money, getting married, chasing dreams, knowing something real with God, and how to find a life you can call your own. Killing Lions is more than fatherly advice. It is an invitation into a*

journey: either to be the son who receives fathering or the father who learns what must be spoken. Most important, these conversations speak to a searching generation: “You are not alone. Its not all up to you. You are going to find your way.” *Navigate Life’s Storms and Discover a Courage Like No Other* Have you ever found yourself in over your head, wondering how you would possibly get through with your faith and sanity intact? Life seems good and then—BOOM!—out of nowhere comes a storm that threatens to drown your hopes. Your storm might be a job loss, loneliness, a crumbling relationship, financial ruin, a serious illness, or the death of a loved one. Whatever it is, you have a choice: Will you cower in fear or will you rise to the challenge? Holly Wagner has endured her share of storms. In *Find Your Brave* she examines the dramatic shipwreck faced by the apostle Paul in Acts 27. There she uncovers profound truths that will guide you safely through life’s most difficult moments. Through biblical teaching and personal stories, Holly offers a friendly voice in the midst of overpowering circumstances. She shows you how to anchor your trust in the God who remains faithful in every storm and in whose strength you can *Find Your Brave*. #RefuseToSink “Find Your Brave is the empowering message your heart needs.” --Lysa Terkheurst, *Proverbs 31 Ministries - Including a preface by Jane Goodall - On the spiritual connection between humans and nature - A tribute to the endangered soul of Africa* For more than 40 years, Cyril Christo - son of the artist duo Christo and Jeanne-Claude - his wife Marie, and his son Lysander have been traveling among the last indigenous peoples of our time and documenting their relationship with nature. *On their visits to far-flung places such as New Guinea, Tibet, Africa, the Amazon River, and the vast expanse of the Arctic, they have witnessed many instances of the spiritual connection between humans and nature. Lords of the Earth* takes its readers on a journey to the world's oldest continent, the birthplace of Homo sapiens. The three photographers have captured the endangered soul of Africa, threatened by humans and climate change,

in a series of striking duotone images. In conjunction with a gripping essay and relevant quotations, the photographs give a fascinating account of Christo's and Wilkinson's experiences, encounters, and their belief in the beauty and significance of that ancient continent. This book is a tribute not only to Africa's indigenous peoples, but also to the majestic creatures that have lived together with them since time immemorial and that are now threatened with extinction more than ever before. It includes insights into local folklore, rituals, and stories of tribespeople that provide a decidedly African perspective alongside the Western one. Mauritius, in particular, has become a dream holiday destination, especially popular with honeymooners and couples wishing to tie the knot on a classic white sand beach. It is easy to see why: luxurious hotels, a tropical climate, a glorious coastline, excellent diving and fascinating flora and fauna combine to make this island idyllic. The luxury hotels and spas of Mauritius, the back-to-basics appeal of Rodrigues, the rugged natural beauty of Réunion - this new edition contains all the background and practical information you need to make the most of the Mascarenes. Meet Chloe: Every week, she collects loose change so she can buy tickets to ride the merry-go-round. But one fateful day, she gets lost in the woods on her way home, and a large dragon leaps out from-"Wait! It's supposed to be a lion," says Mac Barnett, the author of this book. But Adam Rex, the illustrator, thinks a dragon would be so much cooler (don't you agree?). Mac's power of the pen is at odds with Adam's brush, and Chloe's story hangs in the balance. Can she help them out of this quandary to be the heroine of her own story? Mac Barnett and Adam Rex are a dynamic duo, and two of the strongest contemporary voices in picture books today. In an accessible and funny way, Chloe and the Lion talks about the creative process and the joys and trials of collaboration. King, warrior, and lover Brian Boru was stronger, braver, and wiser than all other men-the greatest king Ireland has ever known. Out of the mists of the country's most violent age, he merged to lead his people to the peak of

their golden era. His women were as remarkable as his adventures: Fiona, the druidess with mystical powers; Deirdre, beautiful victim of a Norse invader's brutal lust; Gormlaith, six-foot, red-haired goddess of sensuality. Set against the barbaric splendors of the tenth century, *Lion of Ireland* is a story rich in truth and legend-in which friends become deadly enemies, bedrooms turn into battlefields, and dreams of glory are finally fulfilled. Morgan Llywelyn has written one of the greatest novels of Irish history. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. The complete 3-book historical Christian fiction series by the New York Times bestselling author of *Redeeming Love* and *The Masterpiece*. Travel to first-century Rome in this classic series and discover what has inspired millions of readers worldwide. This Collection bundles all three titles from the *Mark of the Lion* series into one volume. *A Voice in the Wind*, the first book in the trilogy, introduces readers to Hadassah, a young Jewish girl captured and sold into slavery but still holding firm to her faith in God. Though torn by her love for a handsome aristocrat, Hadassah becomes a shining beacon of light in the darkness and depravity around her. In *An Echo in the Darkness*, Marcus, a wealthy Roman aristocrat touched by Hadassah's sincere belief, begins to wonder if there's more to this life. As he continues to search for meaning and faith, he is led by a whispering voice from the past that could set him free from the darkness of his soul. The trilogy concludes with *As Sure as the Dawn*, which follows Atretes, the high chief of a Germanic tribe who fought as a gladiator and won his freedom. As Atretes sets out to return home with his infant son, only one thing stands in his way: Rizpah, a Christian widow who has cared for the baby since his birth. All three books in this latest Collection include a preface from Francine Rivers and discussion questions suitable for personal and group use. "Francine Rivers puts readers right into the history of the moment." —*Romantic Times* "Francine Rivers without a doubt is one of the finest storytellers of our generation. . . . No one reading

her books will ever be the same again.” —Debbie Macomber, New York Times bestselling author “As we ‘watch’ Hadassah and Atretes struggle through first-century trials, we learn how to handle similar situations in the twenty-first century. The ‘costumes’ may vary, but our Lord does not change.” —Angela Hunt “Francine redefined Christian fiction—honest, unflinching, powerful, life-changing—demonstrating why storytelling is the most effective way to communicate God’s truth. Every Christian novelist writing today owes a debt of gratitude to Francine Rivers for lighting the way.” —Liz Curtis Higgs “Francine Rivers writes from her heart to touch the hearts of her readers. Her books are essential reading for all who love Christian fiction.” —Bodie Thoene In at least one way, we're not that different: Every person on the planet longs to be fully known and deeply loved -- both, not one or the other. To be known but not loved makes us feel terribly exposed; to be loved but not known is superficial and unfulfilling. In this book, Jonathan Wiggins explains the heart of God for rich, strong, healing relationships. He teaches from a compelling biblical perspective, and each chapter is full of illustrative stories and practical suggestions. And Jonathan writes from experience. He has developed this kind of relationship on his staff team. They call themselves "lions" because they've found the courage to be honest and supportive as they work together to do great things for God's kingdom. The concepts in this book apply to staff teams, small groups, families, and friends. If you believe life change happens in relationships, this book is for you. Richard Peirce, veteran campaigner against shark abuse, tackles another controversy in this new book, that of lion breeding and canned hunting - a huge and growing industry. Cubs are often taken from their mothers when only days old to promote repeat breeding, and are sold into the petting industry. When they grow too big for petting, many are sent to tourist attractions where 'walking with lions' is offered; when they outgrow this use they are at the end of the lion production line and are executed in small enclosures by canned hunters,

or simply shot by lion breeders for the value of their carcass - up to R100,000 (approximately \$8,500 USD). This book tells the true stories of two male lions, Obi and Oliver, rescued from breeding farms. An investigatory road trip by the author uncovered horrifying facts about the industry, resulting in this evocative, disturbing and moving plea to end commercial captive lion breeding, and to help sway the next CITES meeting into banning the trade in all lion products without exemptions. Fast-paced and well researched, the book is richly illustrated with photos taken along the way. The story goes, apocryphal perhaps, that one day the Ugandan dictator, Idi Amin, told his foreign minister that the country's name must be changed to Idi, and he should inform the UN and all other international bodies. A week passed. President Amin then summoned the minister and asked, 'Did you carry out my orders?' He replied saying that there was a problem. 'What problem?' the president inquired. 'Your Excellency, there is a country called Cyprus. The people are called Cypriots. If Uganda were to be called Idi, we would be called Idiots.' There are few leaders that K. Natwar Singh, in a diplomatic career spanning more than three decades, has not known - and fewer still about whom he has no story to tell. In *Walking with Lions: Tales from a Diplomatic Past*, Singh puts together fifty episodes that entertain, inform and illuminate. Featured here is Indira Gandhi as a statesman and friend, alongside other renowned figures such as Fidel Castro, Haile Selassie and Zia-ul-Haq. Singh analyses some personalities with disarming candour, among them Morarji Desai and Lord Mountbatten; at other times, his admiration for leaders like C. Rajagopalachari and Nelson Mandela shines through. In these pages you will also find a rare, fascinating glimpse of Godman Chandraswami and his cohort Mamaji, and their interaction with a surprisingly submissive Iron Lady Margaret Thatcher. Besides, there are short tributes to artists, writers, cricketers and film stars, like M.F. Husain, Nadine Gordimer, Don Bradman and Dev Anand. Recounted with empathy and humour, this collection of stories from

contemporary history is a warm, unaffected and reassuring reminder that the great too can be as fallible as the rest of us. When the Sudanese civil war reaches his village in 1985, 11-year-old Salva becomes separated from his family and must walk with other Dinka tribe members through southern Sudan, Ethiopia and Kenya in search of safe haven. Based on the life of Salva Dut, who, after emigrating to America in 1996, began a project to dig water wells in Sudan. By a Newbery Medal-winning author. A simple, imaginative story depicting the complex emotional reality of a girl whose father no longer lives at home. The girl conjures up an imaginary companion — a lion — who will join her on the long walk home from school. He will help her to pick up her baby brother from daycare and shop at the store (which has cut off the family's credit), and he'll keep her company all along the way until she is safely home. He will always come back when she needs him, unlike her father whom she sees only in a photograph — a photograph in which he clearly resembles a lion. "Satisfying, gratifying, touching, weighty—this authentic piece of work has got soul."—The New York Times Book Review As twelve-year-old Marlee starts middle school in 1958 Little Rock, it feels like her whole world is falling apart. Until she meets Liz, the new girl at school. Liz is everything Marlee wishes she could be: she's brave, brash and always knows the right thing to say. But when Liz leaves school without even a good-bye, the rumor is that Liz was caught passing for white. Marlee decides that doesn't matter. She just wants her friend back. And to stay friends, Marlee and Liz are even willing to take on segregation and the dangers their friendship could bring to both their families. Winner of the New-York Historical Society Children's History Book Prize A New York Times Book Review Editor's Choice Imagine for a moment coming face to face with your greatest fear, a fear that could and does consume you. Now imagine that this fear disappears, leaving you with a deep sense of peace, purpose and new found hope for life, for yourself, your family for everybody that you meet, perhaps even for the world itself. This is

a transformational experience, this is *Walking with Lions*. Late one June night in 2011, a large animal collided with an SUV cruising down a Connecticut parkway. The creature appeared as something out of New England's forgotten past. Beside the road lay a 140-pound mountain lion. Speculations ran wild, the wildest of which figured him a ghostly survivor from a bygone century when lions last roamed the eastern United States. But a more fantastic scenario of facts soon unfolded. The lion was three years old, with a DNA trail embarking from the Black Hills of South Dakota on a cross-country odyssey eventually passing within thirty miles of New York City. It was the farthest landbound trek ever recorded for a wild animal in America, by a barely weaned teenager venturing solo through hostile terrain. William Stolzenburg retraces his two-year journey--from his embattled birthplace in the Black Hills, across the Great Plains and the Mississippi River, through Midwest metropolises and remote northern forests, to his tragic finale upon Connecticut's Gold Coast. Along the way, the lion traverses lands with people gunning for his kind, as well as those championing his cause. *Heart of a Lion* is a story of one heroic creature pitting instinct against towering odds, coming home to a society deeply divided over his return. It is a testament to the resilience of nature, and a test of humanity's willingness to live again beside the ultimate symbol of wildness. Have you ever asked yourself, What I am doing here? What is my purpose in life? What is my plan? I am not talking about your career plan or your retirement plan. Moses, Mary, David, and Daniel in the Bible were ordinary people who were thrust into extreme adversities. Each had no idea what was in store for them. Each had their moments of doubt, discouragement, and despair. Their thoughts of how am I going to get through this? You are no different. Your personal blueprint is already designed. Each of you is a complex, high-performance machine with a great purpose to fulfill. I had no idea of these concepts or what my purpose was. I now know my purpose is to share my story with others and show how God is connected to each of us, every

second. My wife and I are ordinary people. This is my full disclosure, my true story of how we overcame adversities that rocked us to the core of our human existence. Every obstacle was a ferocious lion attacking. Through dreams and visions I learned that Divine intervention was directing us through every aspect of our lives. My story and testimony are true. This reality-based storm took me to rock bottom. The experiences rebuilt me into the super-charged person that I am today. We overcame a mountain of debt We battled a recession that impacted three businesses We faced tax evasion and paid back hundreds of thousands to the IRS We survived a serious illness that took me to the threshold of my human demise We stopped the plague of generational abuse, hate, control and negativity You will meet the Lions. They are real. You have lions--money, health, stress, relationships, addiction, fear, acceptance, depression, anxiety. Every lion is ferocious. Learn how every lion was tamed and every mouth shut. The odds of us overcoming each adversity were a million to one. We were graced by miracles from God. You can overcome your lions. This story is confirmation that within a millisecond, anything is possible with Gods favor and grace. Your greatest regret at the end of your life will be the lions you didn't chase. You will look back longingly on risks not taken, opportunities not seized, and dreams not pursued. Stop running away from what scares you most and start chasing the God-ordained opportunities that cross your path. In a Pit with a Lion on a Snowy Day is inspired by one of the most obscure yet courageous acts recorded in Scripture, a blessed and audacious act that left no regrets: “Benaiah chased a lion down into a pit. Then, despite the snow and slippery ground, he caught the lion and killed it” (2 Samuel 23:20 -21). Unleash the lion chaser within! #InAPit “Mark has become one of the most important voices for a new generation. Anything he touches changes lives. Read this book and you’ll see what I mean.” — Craig Groeschel, pastor of Life.Church, author of Chazown and Dare to Drop the Pose “As a leader and teacher, Mark Batterson brings imagination, energy, and insight. I

appreciate his willingness to take bold risks and go to extraordinary lengths to reach our culture with a message that is truly relevant.” — Ed Young, senior pastor, Fellowship Church “Don’t settle for a normal life. Conquer your fears, accept His anointing, jump into that pit, chase the lion, and watch God’s Kingdom come in amazing ways.” — Christine Caine, founder of Propel Women, author of *Unashamed* For animal lovers, nature enthusiasts, and the vast readership for gripping true-life stories, this African saga is a must-read adventure. It chronicles the unique Harnas Wildlife Foundation in Namibia, where Marieta van der Merwe and her family, former wealthy cattle farmers, have sold land to buy and care for embattled wildlife. We meet Sam, the "AIDS" lion infected by mistake at a vet clinic. Boerjke, a baboon with epilepsy and Down syndrome. Savanna, the one-eyed lioness. And Marieta van der Merwe herself, the inspiring proprietor of Harnas who shares her home with needy wild animals. Survivor of an early life fraught with personal tragedy in the African Bush, she now devotes herself as care-giver and ambassador for wildlife and wildland. Told with insight, humor, and thrilling immediacy by author and Harnas volunteer Barbara Bennett, this story will captivate readers of all ages.

In April 2019 Lord Ashcroft published the results of his

year-long investigation into South Africa's captive-bred lion industry. Over eleven pages of a single edition of the Mail on Sunday he showed why this sickening trade, which involves appalling cruelty to the 'King of the Savannah' from birth to death, has become a stain on the country. Unfair Game, to be published in June 2020, features the shocking results of a new inquiry Lord Ashcroft has conducted into South Africa's lion business. In the book, he shows how tourists are unwittingly being used to support the abuse of lions; he details how lions are being tranquilised and then hunted in enclosed spaces; he urges the British government to ban the import of captive-bred lion trophies; and he demonstrates why Asia's insatiable appetite for lion bones has become a multimillion-dollar business linked to criminality and corruption, which now underpins South Africa's captive lion industry.
